VATICAN MAKES APPEAL FOR PEACE

DELIVERS PROPOSALS TO ALL BELLIGERENTS

REDUCTION OF ARMAMENTS, FREEDOM OF SEAS AND NO TRADE WAR FOUNDATION OF PLAN

Move Not Unexpected By America or Any of Entente Allies—That Proposals Cannot Be Accepted As They Stand is Certain and That They May Not Be Accepted At All is Probable—Teutons are Expected to Accept Promptly—President's View of What Reply Shall Be Made Cannot Be Accurately Ascertained At Present.

To the warring nations of the earth has come another appeal for peace from Pope Benedict.

The foundation stones of the plan of the pontiff for world tranquility are reduction of armaments and freedom of the seas and that there shall be no retailiatory struggle after the war for world commercial supremacy. Specific proposals made to the belligerents, unofficial reports say, include the restoration of Belgium, Serbia and Roumania. The question of Alsace-Lorraine, Trent and Triest and Poland, it is suggested should be adjusted peacefully. The pope's plan also calls for the return to Germany of all her colonies.

In July, 1915, Pope Benedict made his first appeal for peace. At that time the pontiff invited all friends of peace to join with him in his desire to bring hostilities to an end.

Deliver Proposals to All Belligerents.

Rome, Aug. 14.—Peace proposals made by Pope Benedict have been delivered to all the belligerent governments.

The pope suggests restoration of Belgium, Serbia and Roumania and peaceful solution of the problems of Alsace-Lorraine, Trent, Triest and Poland, according to reports received from Vatican sources.

The pope's peace appeal proposes that there be no annexations and no indemnities except in special cases such as Belgium and Serbia, the return to Germany of her colonies in exchange for the occupied departments of France, freedom of the seas, disarmament and the formation of a supreme court of arbitration for the settlement of future international disputes. The peace proposals will be published here Thursday.

Proposals Not Unexpected

Washington, Aug. 14.—Pope Benedict's peace proposals were not unexpected to the United States nor to any of the entente allies.

The possibility of a peace move was discussed with British Foreign Minister Balfour and Vice-Premier Viviani when the British and French official missions were in Washington and it was agreed that all the allies should refuse to discuss peace terms while Germany ocupied the territories she had taken by force, and thereby avoid what the allied statesmen considered a German trap. Now, the pontiff's proposal presents the question in a somewhat different light, difficult perhaps to meet because it offers to a war-weary world a hope for peace.

Germany and her allies are expected promptly to accept the pope's proposals.

May Not Be Accepted at All

American officials take the view that the vatican's proffer is of a nature calling for reply. Diplomats of the entente circle voice nothing but a unanimous opinion that it will be rejected. American officials realize that a convincing reply is required for the world's page of history. That the proposals cannot be accepted as they stand is certain. That they will not be accepted at all is probable.

An unofficial outline of the pope's communication was received here this morning. Members of the president's cabinet said it had not been discussed at this afternoon's meeting but some of the president's official family gave signs of the difficulty which it has presented. Tonight the official text had not been received and it had not been established whether it would come thru the Spanish ambassador or the Swiss minister. Spain and Switzerland are the only European neutrals having relations with the vatican.

Astonished at Similarity

The first appraisal of the proposal by officials and diplomats was that it was another attempt by Germany, this time working thru Austria because of the latter's close relation to the vatican, to accomplish what she had failed in her first offer of peace—that assemblying of peace delegates at a round table conference where the interests of one ally could be played off against the other, with the disruption of the grand alliance as the stake. In no quarter is there any disposition to question in any way the good faith of the vatican, altho the peace activities of the Roman Catholic elements in Germany and Austria have been prominent for several months. But as the unofficial outline disclosed the terms of Pope Benedict's proposal, officials were astonished to realize its similarity with some of President Wilson's declarations on the subject. International agreement to enforce peace, reduction of armaments and recognition of the national aspirations for the small peoples, all were brought forward by the president in his epochal address before congress.

Altho the proposal to leave for diplomatic discussion such great questions as Italia Irridentia, a free Poland and Alsace-Lorraine might be rejected on any grounds, close observers declare that the pope has avoided embarrassments in declining to discuss proposals which the president himself brought before the world. The allied statesmen realize that, once consideration of any part of the pope's proposals begins, pacifists and Socialist elements are at once enabled to take up discussions which will embarrass their governments.

Wilson's Pronouncements Interesting

President Wilson's own view of what reply shall be made obviously cannot be ascertained at the present time. His latest public pronouncements on the most vital of the proposals Pope Benedict makes are interesting.

When the new Russian government was wavering on the point of making a separate peace and declaring for no annexations and no indemnities, the president in a message to the Russian people declared:

"Of course the imperial German government and those whom it is using for their own undoing are seeking to obtain pledges that the war will end in the restoration of the status quo ante. It was the status quo ante of which this iniquitous war issued forth. The power of the imperial German government with the empire and its widespread domination and influence outside of that empire. That status must be altered in such fashion as to prevent any such hideous thing from happening again."

Two days later in his flag day address the president, referring to the military masters of Germany said:

"If they can secure peace not, with the immense advantages still in their hands which they have up to this point apparently gained, they will have justified themselves before the German people; they will have gained by force what they promised to gain by it; an immense expansion of German power, an immense enlargement of German industrial and commercial opportunities. Their prestige will be secure and with their prestige their political power."

Hardly Fits in With Plan.

In his war address to congress the president declared for spending the whole force of the nation if need be to check and nullify the pretensions and power of the German military autocracy. This phrase, now universally accepted as the war aim of all the allies, the entente diplomats here contend, hardly fits in with a restoration of the status quo before the war, a return of Germany's colonies and no restitution for Belgium.

The one point on which Germany might stick, diplomats feel, is the restoration of Alsace-Lorraine. These provinces, because of their mineral deposits are not only necessary to the economic existence of Germany they sap but in the hands of France again would constitute a military menace to the whole German scheme on the western frontier. A neutral diplomat today ventured the opinion that Germany, beaten, would concede all but the loss of Alsace-Lorraine.

Answer a Delicate Task.

Allied diplomats and American officials realize that the answer to the peace proposals involves one of the most delicate tasks of the war. They realize that the people of a war worn Europe, whipped by pacifists and Socialistic agitation must have a convincing answer to a proposal to stop the fighting, and still be held true to their war aims. They do not wish to leave Germany in the position she has worked so hard to attain—the position of offering peace to the world and having it rejected.

A war which was to have been finished in six weeks is entering upon its fourth year. A warfare of submarine frightfulness which was to have brought Great Britain to surrender within 90 days is entering its seventh month without promised result. The group fighting Germany has widened into a world circle of seventeen nations all uniting their resources and power for the destruction of the German military autocracy. The imperial government which entered the conflict with aims of world domination now would be satisfied with a restoration of the status before the war.

In these events the allied diplomats here see the moving causes for the newest proposal for peace and in them they believe will be found the answer of the allied governments.

AUSTRIANS JUBILANT AT BRITISH LABOR VOTE

ZURICH, Switzerland, Aug. 13.—Austrian newspapers are jubilant at the vote of the British labor conference to send delegates to the Stockholm conference and the resignation of Arthur Henderson from the war cabinet. The Reichspost and Arbeiter Zeitung see therein important events, heralding the dawn of peace.

The Reichspost says: "Henderson wrecks Lloyd-George's cabinet and party coalition at a moment when the Entente statesmen are making new arrangemnts for a continuation of the war. The Entente's war policy threatens to collapse and the terrible world war is reaching an end."

The Arbeiter Zeitung says: "The resignation of Henderson marks a defection of labor from Lloyd-George's war which was to be continued until mankind perished. One may hope now that the time of suffering and terror is approaching an end."

WHOLE OF SPAIN UNDER MARTIAL LAW

MADRID, Aug. 14.—The whole of Spain has been placed under martial law following disorders resulting from the general strike which is spreading. This decision was reached at a meeting of the cabinet which devoted its entire time to a consideration of the strike. Instructions were sent to miltary authorities who have been given full control. Disturbances which occured at various places have been stopped by the military forces.

The strike, which was begun by the railroad employes, has even affected newspapers here and only those which have non-unionist staffs will apear tonight. They have received assurances from the government that they will be protected. At noon yesterday, the capital was quiet. A majority of the workmen wish to work in peace; only a minority seeks to promote disorder.

KERENSKY REPLIES TO KING GEORGE

PETROGRAD, Aug. 14.—Premier Kerensky in replying to a message of good will from King George sent him at the beginning of the fourth year of the war, said: "I am certain the Russian people will find the necessary strength to surmount the serious trials of the present time and conduct the world war to an end which will be worthy of the terrible sacrifices already made by every nation which is struggling for right against might."

MINE SINKS BRITISH DESTROYER.

London, Aug. 14.—A British destroyer has been sunk by a mine in the North Sea. The captain, two officers and 43 men were saved.

ISHII PROCLAIMS NEW DAY AMONG NATIONS

Head of the Japanese Mission Speaks At Dinner

Declares America and Japan Shall "Forget the Little Mole-Hills That Have Been Exaggerated into Mountains to Bar out Good Relations" and "March as Comrades."

A Pacific Port, Aug. 14.—A new day among nations in which Japan and America shall "forget the little mole-hills that have been exaggerated into mountains to bar out good relations" and "march as comrades" was proclaimed here tonight by Viscount K. Ishii, ambassador extraordinary and plenipotentiary to the United States. Heading a special mission Viscount Ishii spoke for his government at a dinner tendered him by this municipality acting as host on behalf of the federal government, this state and the resident citizens. Three hundred men of all classes applauded his utterances. The vicsount was welcomed by the governor of the state and the mayor of the city.

General Sugano Reviews Troops

Late in the afternoon Major General Hisachi Sugano, military member of the mission, was given his first glimpse of American troops in force. Some six thousand soldiers and sailors marched past as he stood beside Major General Hunter Liggett, commanding the western department of the army. In the half hour, General Sugano's posture never swayed from strict attention. At the end of the review he said simply, "these are splendid troops. It has been a pleasure to see them."

The Japanese khaki, faced with red, and brilliant decorations on the uniforms of the visiting officers brightened the sober uniforms of the Americans, many of whom wore sheep-skin-lined short coats.

To Visit Large Encampment

An excursion into the surrounding country and a visit to a large encampment of troops are on the commission's program for tomorrow.

In his address tonight Viscount Ishii said:

"It becomes the first duty of Japan and America to guard the Pacific and to insure safe and continuous intercourse between Asia and the United States. To see to it that the ships of the ferocious pirates whose crimes upon the high seas can never be palliated, find no shelter in the waters of our seas."

ISSUES INJUNCTION IN STREET CAR STRIKE

SPRINGFIELD, Ill., Aug. 14—Judge E. S. Smith in the circuit court tonight issued on request of the street railway company a sweeping supplementary injunction writ directed against the street car strikers, local unions supporting the strikers and strike sympathizers to prevent the putting in force of the boycott threatened against the car company and its subsidiary the Springfield Gas & Electric company. All persons included under the terminology of the writ are restrained from interfering with the operation of either of the companies in any way from putting in force boycotts from seeking to get company employes to quit their positions from wearing or distributing tags, badges or posters encouraging boycott and from putting into force resolutions placing fines on union members riding on company cars operated by non-union labor.

A formal injunction forbade interference by force.

ANNOUNCE FARRALLY WAS GOVERNMENT DECOY

SAN FRANCISCO, Cal., Aug. 14—Patrick N. Farrally the immigration inspector at Angel Island who was arrested several days ago as a principal in an alleged plot to free German prisoners interned at Fort McDowell was a government decoy, federal officials announced late today with the arrest of alleged ringleaders in the plot.

The men arrested by federal officers were D. J. Harody, a shoe dealer and H. Delacy, connected with "The Leader," a publication here. They were charged with conspiracy to liberate Franz Bopp, former German consul general here, and his interned aides. Farrally has been in prison since his arrest. The scheme to trap the alleged "higher ups" was planned by United States District Attorney John W Preston.

OFFICER VISITS EXEMPTION BOARDS

CHICAGO, Aug. 14.—Convinced that several exemption boards in Chicago are laggards, Major B. N. Chiperfield, in charge of the draft here, today visited a number of the districts and did some plain talking to board members. Figures announced last night showed that 11,980 men had been accepted as physically fit and not claiming exemption in the city, less than half of the city's quota. Major Chiperfield asserts dilatory members will be hurried so that the full quota of 24,982 men will be certified by next Saturday night.

RUN DOWN BY AUTO; DIES.

Peoria, Ill., Aug. 14.—Mike Jellenik of Nokomis, Ill., died in a local hospital here this morning of injuries sustained when he was run down last night by an automobile driven by Otto Wall, of this city.

REFUSE DEMANDS OF MINE WORKERS

Illinois Coal Operators Make Announcement After Conference

FIFTY COAL MINES IDLE

Owners Charge Strike Violates Provisions of Agreement with Union

MORE MINES TO CLOSE

CHICAGO, Aug. 14—The Illinois coal operators, after a long conference today announced to the United Mine Workers, whose men are striking in the coal fields of the state, that they would not grant the demands of the men for wage increases. They served notices that unless the union men returned to work, the operators would take whatever steps possible to fill their places.

Admit Inability to Agree

The letter was sent after representatives of the mine operators and mine workers had been in conference five hours in an effort to end the strike. At the close of the session both sides admitted they were unable to adjust the dispute.

Fifty coal mines are idle at present as the result of the strike, which the coal operators charge were shut down in direct violation of the provisions of their joint agreement with the union.

In their letter to the union officials the operators announced that they were willing to take up any complaint of the union men in the regular way. The present demand for wage increase on the part of the drivers, motormen and day laborers they characterized as "rebellion" and announced that they would not surrender to it. The operators called upon the union heads to force their members back to work or else to replace them with other men.

Letter of Operators

The letter sent to the district executive board in Springfield follows:

"The coal operators of Illinois met in Chicago today to give consideration to a serious condition that has developed in this state and resulted in approximately fifty mines being shutdown in violation of the provisions of our joint agreement with your organization.

"In nearly every instance these mines are idle because drivers, motormen and other day laborers have made a demand upon the various operators for an increase in wages over those specified in the joint agreement.

"After deliberate consideration the operators have decided to and do hereby notify you that they will not accede to the demands of the said members of your organization.

"The Illinois Mine Owners, as represented by the three coal operators' associations in this state, have in good faith entered into an agreement with your organization specifying in detail the wages that shall be paid the men who are now responsible for these mines being idle. We are willing at all times to give due consideration to any complaint or grievance any of our members may have, if such complaint or grievance is taken up in the regular way as specified in the agreement entered into with your organization, but we will not surrender to such rebellion as now seems to be rampant thruout the state. Therefore you are hereby notified that we insist that the executive force of the miners union use its full power to force the rebellious members in your organization to return to work immediately and to continue at work as they are required to do by reason of the agreement and we shall expect and have a right to insist that you leave nothing undone to accomplish this end.

Will Secure Other Men

"You are also reminded, that in the event of your inability to influence the day hands mentioned to return to work immediately the mine committees at the various mines are obliged by the provisions of paragraph C of the 13th section of our joint agreement to furnish men to take the places of such day hands as may refuse to return to work and we shall expect your organization to go to the extreme limit to see that this section of our agreement as well as other sections of the agreement, are complied with.

"Any failure on your part to do this will be regarded by us as a failure to discharge the obligations imposed upon you by the joint agreement and as a warrant for us to take other action as we may find it necessary for us to take, in order to force obzedience on the part of

(Continued on Page 4)

NOMINATES NEARLY 200 GENERAL OFFICERS

President Wilson Sends Appointments To Senate

War Department States a Complete National Guard Division is in Process of Organization for Service in France—Will be First Guardsmen to Go Overseas

Washington, Aug. 14—Nominations of nearly 200 general officers in the national army including officers of the regular army and the national guard were sent to the senate today by President Wilson. From the 37 new major generals to be created for the duration of the war, and from the existing major generals of the regular army will come the army corps and division commanders. Similarly the brigade commanders will be selected from the list of more than 100 new brigadiers.

Organizing Guard Division

Coincident with this announcement of high command, came the statement from the war department that a composite national guard division composed of troops from 26 states and the District of Columbia was in process of organization under command of Brigadier General Mann, now chief of military bureau of the department but who heads the list of national army major generals.

These will be the first national guard troops to be sent to France. No discusison is permitted by the censorship regulations, however, of the time of their mobilization or departure for the front.

The list of major generals takes in virtually all of the army brigadiers and includes the only two national guard officers of that rank, O'Ryan, of New York, and Clements, of Pennsylvania.

For Duration of War Only

The list of brigadiers is made up from the existing list of brigadiers of the national guard with a score or more colonels of that service who are advanced in rank and of regular army colonels from each arm of the service. All of the commissions are for the duration of the war only and are in the national army altho the officers may be assigned to any part of the fighting forces, regulars, guardsmen of selective draft troops. It is understood however, that wherever a national guard brigade from any state is retained in its present form its present brigadier will be continued in command.

With the exception of the two national guard major generals mentioned, it is indicated that all national guard divisions will be commanded by regular officers.

WILSON APPROVES NAVAL PROMOTIONS

WASHINGTON, Aug. 14—Naval promotions recommended by the war expansion selection committee and approved by President Wilson today include the appointment of Captains Thomas Snowden and Emil Theiss to the permanent rank of rear-admiral.

Five captains were approved for promotion to the temporary rank of rear-admiral as follows:

A. P. Niblack, J. A. Hoogewerff, W. B. letcher, Marbury Johnston and E. A. Anderson.

For permanent rank of captain were chosen Commanders F. H. Chofield, J. F. Carter, G. W. Laws, G. C. Day, Luke McNamee, C. L. Hussey, J. R. Y. Blakely, J. F. Hines and Yates Stirling, Jr.

The promotion list included a large number of officers of lower grades advanced permanently or for the period of the war.

GERMANS PUTTING AMERICANS IN ARMY

COPENHAGEN, Aug. 14.—An American of German birth who was permitted to leave Germany recently, says the military authorities there are commencing to take American citizens long resident in Germany for military service on the grounds that they have forfeited their American citizenship and now are denationalized. Even native born Americans, he says, have in some instances been put into the army, but the military duty usually applies to naturalized citizens of German birth.

CHARGE CHECK FORGING.

Lacrosse, Wis., Aug. 14.—Rutherford Ross, 20, Decatur, Ill., was arrested here Monday evening charged with passing a forged check. A girl sixteen years old was arrested with him. She claims she is Mrs. Lillian Shockey of Decatur.

WEATHER INDICATIONS AND TEMPERATURES

Illinois:—Generally fair Wednesday and probably Thursday, somewhat warmer Thursday.

Temperatures

The current, maximum and minimum temperatures as recorder Tuesday were:

Jacksonville	68	80	54
Boston	74	76	70
Buffalo	74	76	66
New York	78	86	68
New Orleans	82	92	76
Chicago	68	70	66
Detroit	78	82	64

Minneapolis	80	82	54
Helena	86	86	52
San Francisco	56	60	50
Winnipeg	76	86	60

INDICT 105 IN E. ST. LOUIS RIOT CASE

Charges Include Murder, Arson, Conspiracy, Rioting and Assault

MAKE SPECIAL REPORT

Jury Gives What is Believed to Have Been Conditions Causing Trouble

RECOMMENDS REMEDIES

Belleville, Ill., Aug. 14.—Sixty-eight indictments against 105 persons, the charges including murder, arson, conspiracy, rioting and assault to murder were returned by the grand jury here today which has been investigating the race riots in East St. Louis, July 1st to 3. A special report accompanying the indictments gives what is believed to have been conditions causing the trouble and recommends remedies to prevent such lawlessness in the future.

Take Brockway to Belleville.

Richard Brockway, a railway claim agent, charged with conspiracy, was arrested in East St. Louis and taken to the jail at Belleville on his request that he be permitted to apply for a writ of habeas corypus. Four negroes in the jail here, prisoners on coroner's mittumuses since the riots, were served with warrants charging them with killing Detective Sergeant Samuel Coppidge and Detective Frank Wadley the night of Jan. 1. Attorney General Brundage under whose direction the investigation has been conducted arrived in Belleville today.

The grand jury's report follows in part:

"It is the belief of the members of the grand jury that while we have not apprehended all the participants in the East St. Louis riots—to do so comprehends a task of such magnitude as to render it impossible, we do believe that the indictments include all the mob leaders.

"East St. Louis was visited by one of the worst race riots in history, a reign of murder brutality, arson and other crimes of such a loathsome character as to challenge belief.

Believe Riots Plotted.

"After hearing all evidence, we believe the riots at least the occurrences which led up to them were deliberately plotted. Indolent public officials heard the rumblings but overawed by cowardly inclinations remained inactive.

"Filled with false fears the negroes wantonly murdered policemen bent on aiding them. A rival flame of passion and violence introduced by intriguing ringleaders caused white men to shoot and beat to death some of the most respected citizens. We believe that a strong and fearless public official could have restrained these atrocities.

"We have found it obligatory to indict a high police official. An attorney at law accused of making an inflammatory speech advocating mob violence has been summoned by an indictment to answer the charge.

"We believe that he riot wat caused by a propaganda of intolerance which the races were taught to have for each other. During the last two years there has bee n an influx of negroes estimated at 8,000. There is, we believe sufficient work for those who desire to work and at good wages."

White Men Won Strike.

The report says that a strike was won at the aluminum works by white men, but that in February the same workers again struck for higher wages and the discovery was then made by the workers that the large influx of negroes had put them at a disadvantage in dealing with employers.

"That employers abused ths situation," the erport continues, "seems to us to be warranted charge. Every community should assure living conitions to all without regard to racial questions, but the interest of employers to place to workers of one race at a disadvantage by notoriously favoring workers of another race must draw down condemnation.

Cite One Instance.

"Of the many instances where this has been done we cite one form. It is the custom of the large industrial plants in East St. Louis to maintain a so-called employment gate where men white and colored assemble each day to seek work. Often the employer marched up to the gate and in an offensive manner caused the white applicants to stand back and made his selctions from among the negroes. This open flaunting along racial lines injures the negro no less than the white man. The natural result was to precipitate a

CENTRALIZED AUTHORITY

We do not agree with Senator Reed of Missouri in his continued attack on Mr. Hoover, food administrator of the country, but we can agree with the Missouri senator's statement that enormous powers have been delegated to Mr. Hoover. The extent of these powers is the more apparent when it is remembered that 45,000,000 people constitute the agricultural population of this country and their business affairs are placed within the hands of one man, because that man has the authority to fix the price at which they must sell their products. This seems to be a time for delegating great authority to a few and when you think about it, there seems to be only one man with greater authority than Mr. Hoover's and that is the president of the U. S.

MONEY FROM C. B. & Q. STOCKS

Stockholders of the C. B. & Q. railroad have been gladdened by the announcement of a 10 per cent extra dividend which will be paid to them some time in September. A few weeks ago some of the minority stockholders employed an attorney to make an inquiry why there was not some distribution of the great surplus that the Burlington was alleged to be accumulating. They charged that the Burlington was being operated merely as a feeder for the Great Northern and the Northern Pacific railroads. This agitation may or may not have had something to do with the announcement of the extra dividend, but no matter what the cause the stockholders are feeling very complacent about the money they are soon to receive.

THE CARNIVAL COMPANY TROUBLES.

These are hard times indeed, for the carnival companies. Tuesday the railroad advisory board of central Illinois lines recommended an order forbidding the movement of street carnivals during the period of the war. This recommendation was made because the carnival companies tie up from fifteen to thirty cars for a week at a time and still yield only small railroad revenue. Now comes the city council of Jacksonville and proposes a $100 a week license fee instead of $12.50 which has been charged in the past. But then, we can all get along without street carnivals and still have none of the pangs of war economy or self-denial. The average city will be better off if the railroad committee makes this order permanent instead of having it extend only during the war.

McADOO WANTS FARMERS' AID

Secretary McAdoo is arranging for a trip thruout the country to make a campaign for the special purpose of interesting farmers in purchasing liberty bonds. The last campaign the secretary made a brief trip but that time only visited a few of the larger cities and naturally his audiences were mainly bankers and merchants. In his present plan of interesting the farmers the secretary no doubt has in mind that the active interest of the farming population will be helpful and recognizes also that farming conditions now are especially prosperous and that there will be more surplus wealth in the rural precincts this year than ever before.

Someone said recently that the only investment that the average farmer feels sure about is land and that when he has a surplus of money he naturally turns toward the farm investment. Secretary McAdoo hopes to point out to the farmer that the purchase of liberty loan bonds will offer an investment just as safe and secure as land and that the purchase will also mean an act of loyalty.

A WELL DIRECTED LABOR ORGANIZATION

The facts set forth in the address of President Scott of the International Typographical union at the annual convention in Colorado shows that organization now, as in the past, is one of the strongest and well ordered of all the labor organizations. So reasonably and with such vision are the affairs of the typographical union managed that one seldom reads in the press the stories of any differences between union members and their employers. Further evidence of the wisdom which has guided this organization is found in the financial statement and in the record of the anti-tuberculosis hospital and other institutions for the comfort and care of union members that the organization maintains.

There is another outstanding fact in the president's report which further commends the uinon at this time, and that is the number of young men who have enlisted for army service. The patriotism of the organization is still further shown by liberal subscription made from the national treasury for the purchase of liberty bonds. The typographical union furnishes a fine example of organized labor rightly conducted.

A BRIGHTER PICTURE.

So much has been said about the horrors of war on the European battlefields and the deadliness of trench warfare that it is with relief that one can look at a brighter picture of the soldier's life at the front. Such a picture was drawn by John Barrett, director general of the Pan-American union, in an address to the officers' reserve corps at Ft. Myer.

The Chicago Post in commenting upon this address had the following:

"American soldiers who go to France will run deadly dangers, but some of the stories that have been told of trench conditions and of appalling losses of life have been untrue. One of the most striking and, perhaps, startling things which Mr. Barrett said in his talk to the young officers was this: 'Those actually killed in battle do not average one in ten, and not more than three in ten are severely wounded, while a surprisingly large percentage of those injured in battle recover. The system of caring for the wounded and sick is now developed to a scientific perfection which can only be appreciated by those who see it working out."

"Army officers have known that there have been exaggerated reports about the losses of the armies in Europe. The French government thru one of its representatives a few days ago gave out an official statement concerning the losses of armies of the republic. They are far below those which the public has been led to believe was the case. It is something for the American people to be given a more cheerful view of the situation at the front. There has been an effort by persons interested in disspiriting America to paint the blackest kind of pictures. They are dark enough, but they are not as black as some men would make them."

MR. BRYAN NOW ADVOCATES WAR TO A FINISH.

Those who heard W. J. Bryan in his recent address at the Havana chautauqua or who have read his speeches made before similar audiences realize that the former secretary's ideas about the present war have had a complete revision. A fight to a finish is what Mr. Bryan now advocates as the shortest path and the only sure path to an enduring peace. The more earnestly that a man now desires peace, Mr. Bryan says, the more loyally should he support the government in its present war efforts, which are directed with the purpose of securing a peace which will affect the whole world and continue thru the years to come. Differences of opinion now and failure to uphold the hands of the president, Mr. Bryan declares, will only tend to put the end of the war further in the distance.

When asked about his idea as to the duration of the conflict Mr. Bryan says he will not hazard a guess and that any man who stands before an audience and tells them that the war will be a few months or a few years in length is dealing in theories and not facts, for no man has any accurate knowledge which justifies him in a declaration about the war's length.

From a pacifist who believed that the war might be avoided and that all international affairs might be settled thru treaties, Mr. Bryan has changed to his present position and declares for unswerving support of the president and an actively waged war until liberty and democracy are secured. This is a change which wins the "Great Commoner" the admiration of a vast majority of the people. The Havana chautauqua was financially in a bad way until Bryan day, when an audience of 6,000 assembled to hear him. The hold that this man has on the public mind is marvelous, indeed, and his Sunday audience listened to him intently for two hours and fifteen minutes as he talked on "Fundamentals" and gave his definitions of the duty of the people to themselves, their government and their God. Mr. Bryan has been defeated again and again for public office; he has been derided and held up to ridicule; he has been denounced and scoffed at and has performed many public acts which would long ago have relegated the average man into absolute oblivion. But Mr. Bryan lives on, influential at any rate as a platform orator and people come to hear him and listen and most of them find his eloquence persuasive.

Drafted.

Jim Brick was hewing wood for me, a wholesome, cheerful fellow, so husky he was good to see, without a touch of yellow. And while, to earn a shining bone, he plied the ax, stout-hafted, his father called him up by phone, and said, "My boy, your're drafted!" An instant Jim looked rather sick; perhaps he thot of mother, and all the family of Brick, the sister and the brother. A sweat stood out upon his brow, I saw his pale lips quiver, and thot, "Alas, this young man, now has got a chicken's liver." A moment Jim looked full of care, then raised a cheerful holler: "I'm glad I'm called to do my share, you bet your bottom dollar! So for this day my labor ends—the news this fact determines—I want to go and tell my friends that I'll be potting Germans. I want to tell a certain girl that I have been selected to make the kaiser's whiskers curl, and make the prinz dejected." I handed Jim a bunch of flowers, and said, "Go, do your playing: I'll only dock you seven hours when comes the time for paying." When he was gone my eyes grew dim with patriotic fervor. "The country's safe while boys like Jim," I said "are here to serve her!"

THIS DATE IN HISTORY

August 15,1832—The volunteers for the Black Hawk war were mustered out at Dixon.

Mrs. Moses Greenleaf and family of Kingman, Kans., are visiting friends in Jacksonville and vicinity.

SCOTT COUNTY MEN WHO SERVE IN NEW ARMY

Exemption Board List Contains Names of Those Already Certified for Military Duty and Those Discharged for Physical Defect—Other Winchester News

Winchester, Ill., Aug. 14—The exemption board of Scott county has occupied the past few days with the consideration of exemption claims. A new examination has been announced and the one hundred and fifty called will be examined the first three days of next week.

A list of men who did not make any claim for exemption and who passed the physical tests, contains the names of twenty-nine. There were thirty-nine who did not meet the full physical requirements and hence were granted certificate of discharge.

Following is the list of those who passed the examinations and did not make any claim for exemption:

William Middaugh, Winchester.
William Schneider, Bluffs.
Wilbur W. Stewart, Alsey.
Joe T. Smith, Bluffs.
George E. Barry, Exeter.
Ira Kirkpatrick, Winchester.
John L. Killiebrew, Winchester.
Bert Lawson, Bluffs.
Leo S. Bishop, Exeter.
Harry Christison, Winchester.
Verlin M. Summers, Winchester.
Carl E. Bean, Winchester.
John Joseph O'Brien, Bluffs.
Maurice F. O'Brien, Bluffs.
Carson C. Brackett, Alsey.
Lucius O. Lawson, Winchester.
Glen Otto Bagby, Naples.
Frank D. Hart, Murrayville.
James Ernest Glossop, Winchester.
David Dallas Welch, Winchester.
James L. Pfeneger, Roodhouse.
C. D. Lewis, Glasgow.
Ralph Bailey Fuson, Bluffs.
Henry Herrin, Manchester.
Harry E. Gidney, Manchester.
William O. Zyph, Winchester.
Louis F. Hieronymus, Winchester.
Leo Raymond Ryan, Winchester.
Walter Carl Nortrup, Bluffs.

The Men Discharged

The men who did not meet the required physical tests and were therefore discharged from service were James M. Benton, Winchester; Clyde McCarty, Herman Martin, Austin C. Little, Luther Burrell Hornbeek and George A. Packard, Winchester; George N. Robson, Manchester; James M. Whitlock and Clyde Fry, Naples; Jesse Elbert Welch, Exeter; Henry M. Gregory, Eddie L. Andell, O. Edward Campbell and Elmer E. Hinman, Winchester; Carl N. Berry, Merritt; Arthur A. Walk, Alsey; Jesse H. VanCleve, Manchester, Raymond Morris, Bluffs Carl Woodall, Audy Kelley, Willis Clay Evans, Logan Evans, Lee Lewis Jones and Jesse A. Estes, Winchester; Dick F. Shone, Bluffs; Chesney T. Funk, Exeter; William E. Daniels, Hillview; James Arthur Leitze, Glasgow; Harvey Kesterson and Luther H. Ferguson, Naples; John Clarence Hall, Manchester; Joseph Ruby, Glasgow; Phillip Beal and William Henry Lovekamp, Bluffs; Ray C. Taylor, James Ray King, Ora Ercil Hunt and John Henry Lovell, Winchester; Leon W. Sloan, Manchester.

Methodist Picnic Thursday

Members of the Methodist church held a meeting Monday night and completed arrangements for the big burgoo picnic, which will be held Thursday, the 16th.

Misses Winifred and Martha Priest of Jacksonville, who have been visiting at the home of Mr. and Mrs. Robert Evans, are now guests of Miss Lizzie North.

Mrs. Otis Dawson was a visitor in Chapin Tuesday.

Misses Mary and Mildred Dugan of Beardstown are visiting at the home of their grandparents, Mr. and Mrs. Peter Dugan.

Miss Ruth Gasen of Girard is visiting the family of her brother, R. R. Gasen.

Arch Smith and family arrived Tuesday afternoon from Indianapolis to visit Mr. Smith's father, A. C. Smith, and his brother, Carl Smith.

Mrs. C. J. Rataichak, Miss Carrie Rataichak and Mrs. C. L. Mathis were motor visitors Monday from Jacksonville.

Miss Bernice Burrows has returned from Oscaloosa, Ia., where she has been spending the summer with her sister, Mrs. R. L. Hall.

Winchester Social Events

Misses Henriett and Julia Hainsfurther entertained a company of young ladies at their home Monday afternoon. Miss Lucille Silber, their guest from Davenport, Ia., was guest of honor. Bridge whist was played and refreshments of delicious quality were served.

Miss Irene McCullough and Misses Louise and Grace Leach entertained Monday in honor of Miss Helen Deitrich of St. Louis. Miss Irene Killam of Jacksonville; Clyde North, Allen McCullough and George Mader of Winchester, Harry Deitrich of St. Louis and Hunter Funk of Chapin were among the guests.

Members of the Andell family held an enjoyable picnic Sunday at Nichols park, Jacksonville. Among those present were Mr. and Mrs. James Andell, Virginia and Daisy Andell, Mr. and Mrs. Harry Andell and son, Mr. and Mrs. William Gray, Mr. and Mrs. Richard Andell and daughter, Mr. and Mrs. John Andell, Mr. and Mrs. John Keefer, Mr. and Mrs. Warren Jones and daughter, Miss Gertrude Lashmet, all of Scott county; Van Seymour, Franklin; J. E. Shivens and family, Ashland; Mr. and Mrs. Thomas Phippen, and Mrs. Charles Scott and two daughters, Chesterfield.

Chautauqua tickets on sale at Journal office.

WITH THE SICK

August Goveia, of North Prairie street, was injured while at work Tuesday forenoon for the bridge company and will be kept at home for several days.

FAMILY REUNION AT HOME OF J. C. EWEN

Alexander People Enjoy Pleasant Sunday Gathering—Orleans Country Club Will Meet Thursday.

Alexander, Ill., Aug. 14.—A pleasant family gathering was held Sunday at the home of Mr. and Mrs. J. C. Ewen. Among the guests of the day were Mr. and Mrs. Jack Walsh, Catherine and Clifford Walsh, Quincy; Mrs. Butler Henson, Jerseyville; Mrs. George Rohn, Stratton, Neb.; Mr. and Mrs. Arthur Roland, near Franklin; Mrs. Ira Todd, Buffalo and Mr. and Mrs. F. B. Six and daughter, Harriet, Alexander.

All Stars the Victor.

The All Stars, a colored team from Jacksonville, came here and played the local club Sunday afternoon. The score was 10 to 8 in favor of the All Stars.

Miss Elizabeth Holtorf of Jacksonville spent Sunday with friends here.

Mr. and Mrs. Fred Greenwood were visitors in Williamsville Saturday and Sunday.

John Snyder, Harry Beerup, Mr. and Mrs. Hartman Zellar, Miss Elizabeth Zellar, F. J. Kaiser, Claud Keenan, Mr. and Mrs. C. H. Beerup and Mr. and Mrs. K. V. Beerup were among Alexander people who motored to Springfield Monday to attend the meeting of the Burlington Way association.

Mrs. C. M. Strawn was in Springfield Monday, where she went to see Mr. Strawn, recovering from a brief illness in a Springfield hospital.

Club to Meet Thursday.

On account of the Chautauqua the date for the meeting of the Orleans Woman's Country club has been set forward from Tuesday, Aug. 22, to Thursday, Aug. 16. Mrs. W. T. Scott will entertain the club.

Mrs. W. H. Hinrichsen has as her guest, Mrs. Eugenia Johnston, widow of the late Prof. Harold W. Johnston, of Bloomington, Ind.

Mr. and Mrs. Luther Wiley, Misses Nell and Lois Dee and Mrs. F. B. Six have returned from a visit in Buffalo.

MORTUARY

Filson.

Mrs. Hattie A. Filson of Roodhouse died at Passavant hospital Tuesday morning at 9 o'clock. Deceased was the daughter of A. D. and Mary Jennings Way and was born in Alliance, Ohio, April 6, 1862. She was united in marriage to R. H. Filson at Alliance, May 10, 1879. She has resided in this state since 1887. She is survived by her husband and the following children, Percy and Robert H. Filson, Jr., Mrs. Sallie Stansberry and Mrs. Lyndall Rhodes of Roodhouse. She also leaves one sister, Mrs. F. L. Knight of White Hall and one brother, R. P. Way of Moulton, Ala.

Mrs. Filson was a member of the Pythian Sisters of Roodhouse and a member of the ladies auxiliary of the Brotherhood of Railway Trainmen, her husband being a conductor of the Chicago & Alton and recently has been running the morning St. Louis train out of this city. She was highly regarded in the community in which she lived for so many years. The remains were removed to Gillham's undertaking parlors and prepared for burial and will be taken to Roodhouse where funeral services will be held and interment made.

Ingram.

James E. Ingram died at Peoria State hospital Sunday afternoon. Funeral services were held at Wilton funeral chapel Tuesday evening at 7:30 o'clock in charge of the Rev. E. T. Munns. The remains will arrive in this city this morning at 9:45 o'clock and will be taken directly to Jacksonville cemetery for burial.

Million

Elijah F. Million, one of the oldest and most highly respected citizens of Murrayville passed away Tuesday afternoon at 4:45 o'clock. Mr. Million had been in failing health for two years past but it was not until about a week ago that he took to his bed.

Mr. Million was born May 27, 1846 in this county and has spent practically his entire life in the Murrayville vicinity. In October 1870 he was married to Miss Eliza Esther Kennedy and to this union seven children were born, two of whom, Sadie M. and George Edward have passed beyond and of whom five survive, as follows: Emory E. Million, residing in Oklahoma; Hugh E. Million and Mrs. James E. Osborne, Murrayville; Clyde K. Million of Delevan, and Mrs. Warren E. Wright, Murrayville.

Mr. Million enlisted in Co. E in the 58th regiment, Illinois Vol., and saw long and honorable service in the civil war. Returning from the war he continued the life of a farmer, retaining his active habits until three years ago when he retired and removed to Murrayville.

Funeral services will be held Thursday morning at 10:30 o'clock ta Murayville M. E. church, in charge of the Rev. W. H. McGhee, the pastor. The Masonic order will attend in a body and will conduct the service at the grave. Burial will be made in Murrayville cemetery.

REMOVING FREE CLINIC

Workmen were busy Tuesday removing the open air school building to the Weber lot on West State St. just west of Grace M. E. church. Plans have been made for many improvements, both with regard to the school and the free clinic, and indications are that the new location will be found highly desirable.

Mrs. J. H. Reid and son, Maurice, have returned from Halstead, Kan., where they visited Mrs. William Rimbey, sister of Mrs. Reid. They report excellent crops in that section, both corn and alfalfa. The wheat yield there is good also.

Miss Flora Oliverson and Miss Edith Carlson have completed their vacations and taken their places at the millinery store of L. C. & R. E.

NASH Jeffery MOTORS

Jeffery Six

Easiest to Start—Easiest to Control

Everyone conceded six months ago that the Jeffery Six was one of the finest cars built. Meantime this car has been refined and improved by Nash manufacturing methods.

Today we believe it stands unquestionably in the front rank of its price class, in power, performance and dependability.

Jeffery Six is free from starting troubles. In coldest weather the motor starts promptly.

This famous Jeffery Six motor is vibrationless and powerful. In an emergency, or on the steepest grade, it never fails to respond.

As it stands today, 125-inch wheelbase, streamline body, refined, improved and backed by the Nash organization, the Jeffery Six is a bigger, better value at $1465.

FUNERALS

DeFrates

Funeral services in memory of the late Mrs. Mary DeFrates were held Tuesday afternoon at 2:30 o'clock at the residence of Mr. and Mrs. Cal. Vieira on East Independence avenue. A large company of relatives and friends gathered to pay respect to the memory of one who had been so long a resident of the city. The services were in charge of Rev. W. E. Spoonts, who commented upon the fact that it will not be many years longer that reference can be made to a deceased person as having been one of the original Portuguese refugees from the Island of Madeira. Mrs. DeFrates came from the island as a mere child and the survivors of the original band are now few indeed.

The minister took as a text the 1st verse of the 21st chapter of Revelations:

"And I saw a new heaven and a new earth, for the first heaven and the first earth were passed away, and there was no more sea."

He referred to the Bible description of heaven as being mainly in the negative. "There shall be no night there" and expressions of that kind give to the Bible reader more of a picture of the world to come than do the affirmative declarations of the great book. The minister referred to the godly life of the deceased and the manner in which she had borne affliction thru a long period of years. He spoke too of the tender care and devotion which she had received at the home of the granddaughter during the final years of her life as she awaited the final summons.

Mrs. J. A. Scott and Mrs. Jennie Vieira sang for the service with Mrs. Grace Ferreira as accompanist. The many beautiful flowers were under the care of Mrs. Jennie Vieira, Miss Hazel Scott, Miss Clara DeFrates and Mrs. Esther Funk.

Burial was made in Jacksonville cemetery. The bearers were John Ornellas, Ed Ornellas, John Scott, Clarence Scott, Henry Scott and Fred DeFrates, all nephews of the deceased.

EXEMPTION BOARD HEARING CLAIMANTS.

The Morgan county exemption board yesterday began the hearing on exemption claims. Twenty five of those who are seeking release from army service were summoned to appear and each presented his case to the board. In every instance various questions were asked relative to affidavits made and the personal and business affairs of the claimant. All the cases were taken under advisement and no announcements of action will be made until after all exemption claimants have been heard. State's Attorney Robinson was present at the hearing, as it is his duty under the law to appeal to the district board each exemption claim allowed.

ROODHOUSE VISITORS

Adrian and Amburgh Campbell of Roodhouse are visiting their cousins Robert and Reginald Reid at 341 West Lafayette avenue. Last evening the hosts and guests repaired to Nichols park and had a jolly wiener roast which was greatly enjoyed by every one present. The young visitors are being right royally entertained.

AURORA BOREALIS NOTED

Wabash Agent Marshall at Markham telephoned the Journal Tuesday evening that he had noted the Aurora Borealis in the northern skies. Mr. Marshall said that it was rather early but that it could be plainly seen.

PREDICT WAR TAX BILL'S PASSAGE NEXT WEEK

Senate Virtually Ends General Debate On Measure

Sitting as Committee of the Whole the Senate Approves Finance Committee's Revision of Soft Drink, Tobacco and Most of Public Utilities Schedules.

Washington, Aug 14.—General debate in the senate on the $2,006,000,000 war tax bill virtually ended today and such rapid progress was made on the finance committee amendments to the house bill that leaders tonight predicted the measure's passage late next week.

Approves Revision of Schedules.

In rapid succession and with little debate the senate, sitting as a committee of the whole, approved the finance committee's revision of the soft drink, tobacco and most of the public utilities schedules. The liquor and income tax sections are to be considered tomorrow.

Today's debate made it evident that the principal disputes facing the senate are over the income, war profits and publishers tax sections. Adoption of most of the finance committees other revisions with little change was forecast.

Senator LaFollette made public a minority report concurred in by Senators Gore and Thomas, urging that the bulk of all war taxes be paid upon incomes and war profits. The Wisconsin senator proposes to make his principal fight in offering many amendments to increase the tax rates proposed. In closing the general discussion today, Senators Smoot and Jones of New Mexico, both of the finance committee commended the committee's proposed increases in the income and war profits sections.

Approve Extension of Tax.

Extension of the three percent tax on freight transportation to motor vehicle lines competing with railroads was approved in the acceptance of the new freight section, designed to raise $77,500,000. The senate also accepted the committee's reduction from ten to five percent in the taxes on passenger transportation and Pullman accommodations. Both charges would be paid by individuals, not the carriers.

The tax of five cents on telegraph, radio and long distance telephone messages costing more than 15 cents was approved. It is estimated to yield $7,000,000. Elimination of the house provision taxing all insurance policies was accepted.

When the senate adjourned tonight the proposed new federal tax on automobile owners had been reported, with several senators indicating a desire to revise the rates toward reduction of the tax on owners of cheaper vehicles.

REFUSE DEMANDS OF MINE WORKERS

(Continued from Page 1)

your memebrs to the requirements of the joint agreement entered into with your organization.

"Yours very truly,
"The Illinois Coal Operators,
"R. C. Miller, vice president,
"Central Illinois Coal Operators
"George Wood, President.
"Coal Operators of the 5th and 9th district of Illinois.
"Thomas C. Brewster, Pres."

More Mines Will Be Idle

Springfield, Ill., Aug. 14—Indications were tonight that tomorrow not a single coal mine in the vicinity of Springfield would be working due to the strike of drivers and motormen. More mines south of here, it was said, will also be idle tomorrow.

Announcement to this effect by local operators was made before action was taken by the Illinois coal operators' association in Chicago that unless striking miners went back to work other men would be obtained to take their places.

President Frank Farrington, vice president Harry Fishwick and Secretary Walter Nesbitt of the Illinois Mine Workers were all in Chicago and there was no one in the city tonight authorized to say what miners would do in the face of the Chicago pronouncement.

Mines at Thayer and Virden were in operation today it was stated, following a three day tieup, and coal diggers here and there are expected to return to work in response to the order of President Farrington to resume immediately. Officials and operators are inclined to blame the agitation for lower coal prices for the unrest.

Estimates place the miners in enforced idleness at between 10,000 and 15,000.

Chautauqua tickets on sale at Journal office.

WAR NEWS SUMMARIZED

Almost simultaneously with the latest appeal of Pope Benedict, China entered the ranks of the belligerents by formally declaring war upon Germany and Austria-Hungary.

No great changes have taken place on the battlefields of Europe. North east of Ypres, British troops have forced German posts to retire across the Steenbeke river. They also have carried out a number of successful raids the most important being in the environs of Lens by the Canadians. French reconnoitering parties have penetrated the German lines near Rheims in two places. Elsewhere in Champagne as well as Cerny on the Aisne front and in the Carspach sector the French repulsed German surprise atacks.

The Russians and Roumanians have checked for the time being the offensive of Field Marshal Von Mackensen in the region of Fokshani while in western Moldavia the Roumanians continue successfully their counter-offensive. In the Ocna-Grozechti the Austro-Germnas have been dislodged from the village of Slanic and from heights southwest of Grozechti.

North of Fokshani the Russians and Roumanians beat back several strong atacks by the enemy. Berlin reports continued heavy fighting around Fokshani, claims little advances for the Teutons and says Russo-Roumanian attacks were checked.

AMERICA AND CANADA TO HELP EACH OTHER

WASHINGTON, Aug. 14.—Twenty thousand American harvest hands will help save Canada's grain crop and nearly half as many Canadians will dig potatoes in Maine under an arrangement reached today by representatives of the American and Canadian governments. Immigration regulations will be suspended by both countries to permit the laborers to cross the border.

American harvest labor, working northward with the grain season heretofore has stopped at the Canadian line. The agreement made today contemplates their crossing. Maine's potato crop is about ready for digging and there is not enough available labor into New England to take care of the yield.

LOSSES ON MERCHANTMEN.

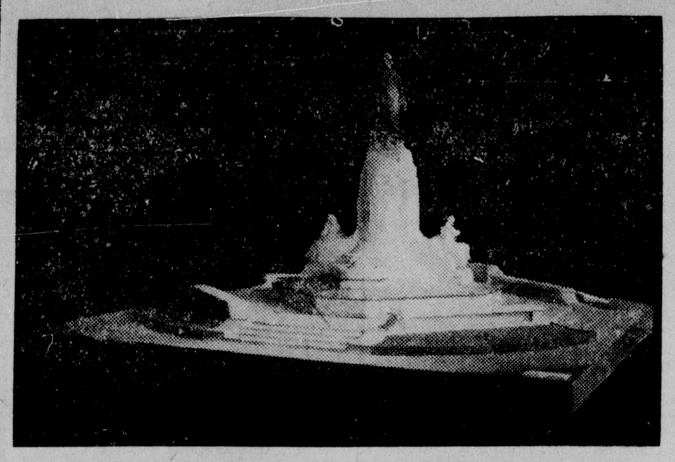

London, Aug. 14.—It was announced today in the house of commons that 9,748 lives were lost on British merchantmen from the opening of the war to June 30, 1917, as a result of enemy action. Of these 3,828 were soldiers, the remainder being officers or seamen.

THE SOLDIERS' AND SAILORS' MONUMENT

Will be erected in Central Park, the design by Leonard Grunnell, sculptor, and Messrs. Martin and Walker, architects, having been approved by the State Art Commission.

BOTH FACTIONS APPEAL TO COURTS

ANSAS CITY, Mo. Aug. 14.—Federal and state courts were appealed to today by the contending factions in Kansas City's traction strike begun one week ago by more than 2,000 employes of the Kansas City Railways company.

Following an application for state receivership for the company filed by an aldermanic committee in the hope that service could be resumed with the strikers operating the cars pending an adjustment with the receivers, the street car company obtained a restraining order in federal court which would prevent interference with operation of the system by the employes.

The injunction proceedings now effective under the restraining order will be heard in federal court on Thursday. Action on the receivership appeal will be taken in circuit court next Friday.

The appeal for state receivership was based upon the contention that the strike has prevented the transportation of mails and passengers between Kansas City, Kans., and Kansas City, Mo.

While shoppers and pedestrians suffer, manufacturing plants have used their trucks to haul their employes, with little if any delay in work.

MRS. LOWDEN PRESENTS FLAG TO MENARD COUNTY

SPRINGFIELD, Ill., Aug. 14. — Mrs. Frank O. Lowden, wife of Governor Lowden this afternoon at Petersburg presented to Menard county the flag she made for the county enrolling the largest percent of its population in the Red Cross during the membership campaign which closed August 5. H. M. Levering, chairman of the Menard county chapter, accepted the flag in behalf of the county.

Governor Lowden made a short address in which he congratulated the people of Menard county for their showing and called on them to do even more during the present war time crisis. Referring to the present coal situation the governor censured both operators and miners for their attitude and said that both sides should consider their nation first.

W. D. Thurber, associated director of the Illinois Red Cross, congratulated the Menard couty organization on behalf of the state order.

The ceremonies were attended by more than 5,000 people and Petersburg observed the day as a holiday all business houses being closed.

PICNIC AT MURRAYVILLE.

In spite of threatening weather conditions thruout the afternoon the crowd at the Murrayville Woodman's picnic was a good one and the program was carried thru as announced with an address by Prof. W. W. Yapp of Urbana in the morning and a patriotic address by Hon. Henry T. Rainey in the afternoon. One of the Woodman state officers spoke in the evening. The event was held in the Murrayville park and not among the least attractions were the athletic games and contests and the horse show. S. F. Sooy, C. R. Short and J. E. Thompson were the committee in charge.

AUTOISTS FROM MISSOURI.

Mr. and Mrs. Bundy Wallenbarger of Harrisonville, Mo., were automobile tourists in Jacksonville yesterday. They were driving a Buick car and are enroute to visit friends in an Ohio city.

FORMER RESIDENT HERE.

Joseph Sona, for many years a resident of Jacksonville, is here from St. Louis for a brief visit. From this city he will go to Chicago to spend five or six months at the home of his daughter. Mr. Sona conducted a barber shop in the Journal building about sixteen years ago and is well known to many residents here.

GOOD OATS YIELD.

Threshing was done on the Joseph A. Brown farm just east of the city yesterday and the average yield of oats was 65 bushels to the acre. The late William Nunes had this land under lease and farming operations have been continued by Samuel Nunes and J. E. Pires as executors of the estate.

BRITISH CASUALTIES.

London, Aug. 14.—Reports of British casualties issued during the first two weeks of August total 21,722 officers and men.

They are divided as follows:
Killed and died of wounds:
Officers, 223.
Privates and non-commissioned officers, 4,424.
Wounded or missing:
Officers, 1,821.
Men, 15,254.
Total, 21,722.

STATE EQUALIZATION BOARD ORGANIZES

SPRINGFIELD, Ill., Aug. 14. — The state board of equalization met here today, organized and adjourned for two weeks when reports will be received.

O. C. Moore of Ridgeway was elected secretary and committee chairman were named as follows:

Equalization of personal property —John E. Shackelton, Cornell.

Equalization of town and city lots —Harry T. Nightingale, Evanston.

Equalization of lands—Herbert S. Williams, Harvard.

Assessment of railroad property—Louis D. Hirsheimer, Pittsfield.

Assessment capital stock and corporation—Joseph F. Dunn, Springfield.

General equalization — William H. Malone, Park Ridge.

Resolutions—Hez G. Henry, Camp Point.

Permanent organization—T. B. F. Smith, Carbondale.

Rules—George S. Faxon, Plano.

Conference committee—Harry T. Nightingale, Evanston.

State Auditor Andrew Russel is ex-officio chairman of the board.

COMPLETE CREATION OF WHEAT CONTROL BOARD

WASHINGTON, Aug 14.—Creation of a wheat control board under the food administration to supervise the distribution of wheat was completed today and the board's personnel will be announced tomorrow. Detailed plans for controlling wheat will be made within a few days.

The control of flour manufacture will be left largely in the hands of the millers themselves. Representatives of the millers will meet in Chicago this week to go over the situation.

Representatives of the country's grain interests are due here tomorrow to learn from the food administration its proposed program for wheat control which includes licensing of elevators and the fixing of a price to be paid the wheat grower for his product.

AWARD COMMISSIONS AT FORT LEAVENWORTH

WASHINGTON, Aug. 14.—Commissions awarded to students at the engineer training camp at Fort Leavonworth, Kan., announced today include:

Second lieutenant engineers, Officers' Reserve Corps—M. E. Humphrey, Bloomington, Ill.; F. C. Stilson, Galesburg, Ill.; Samuel L. Hoffman, Storm Lake, Iowa; Edward G. Killey, Geneva, Ill.; Edward P. Walsh, Davenport, Iowa; Ivan A. Bickelhaupt, Des Moines; John MacVicar, Jr., Des Moines; Edward W. Bullard, Mechanicsburg, Ill.; Lionel D. Smiley, Woodstock, Ill.; Max H. Nippell, Fort Dodge, Iowa; John B. Durham, Rock Island; Howard D. Meyers, Lockport, Ill.; Edward B. Stephenson, Sparta, Ill.; William H. Romine, Iowa City, Ia.; Vincent J. Flanagan, Springfield, Ill.; Jackson W. Bowdies, Marion, Iowa; Conrad W. Kling, Sioux City, Iowa; R. E. Rutherford, Mount Vernon, Ill.; Leon K. Weiss, Cicero, Ill.

APPEALS TO PRESIDENT

Madison, Wis., Aug. 14.—Governor Philipp as head of the state council of defense, today appealed to President Wilson to compel coal operators and transportation companies to take steps to insure that there is a sufficient supply of coal for the northwestern states for the coming winter. Wisconsin faces much suffering he says unless there is a radical change in the coal output.

WILL TRANSFER MEN

Des Moines, Ia, Aug. 14—Fifty men will be drafted from each company of the First and Second Regments of the Iowa Infantry to bring to war strength the Third Infantry ordered mobilized here preliminary to joining the division of national guardsmen going to France. This will bring the third to a total strength of 3,600 officers and men as 1,500 will be supplied from other regiments.

DYING FROM BLULET WOUND.

Peoria, Ill., Aug. 14.—Walter Smith of Bloomington is dying in a local hospital here today from a bullet wound inflicted last night after he had struck Special Officer Charles Anderson and then tried to evade arrest by running away. The officer fired after calling to Smith to halt. The man had been acting suspiciously.

TROOPS REACH SPRINGFIELD

Springffeld, Ill., Aug. 14.—Companies E, F and H, Sixth Illinois Infantry of Rock Island and vicinity, commanded by Major H. E. Dunavin, reached here today and went into camp at Camp Lowden.

INDICT 105 IN EAST ST. LOUIS RIOT CASE

(Continued from Page 1.)

new form of aversion to the negro and while the situation was at its height, a large delegation of citizens called on the mayor and city council to demand that the influx of negroes be stopped and that conditions as described be remedied. The threats pronounced in the presence of the mayor ought to have placed the officials on their guard but when this crowd of 500 left the city hall, a number of negroes were attacked and the riot of May 28th brought out within a half hour after the speaker had finished.

"On Sunday, July 1, a large number of negroes were attacked near the free bridge. Thruout the afternoon hundreds of negroes gathered at the premises of Dr. Bundy, a recognized leader of colored people in East St. Louis. Whether Dr. Bundy and his followers were of the honest opinion that they were obliged to employ arms for protection or whether Dr. Bundy was the paid tool of the agitators we were unable to discover. We are satisfied, however, that a wicked plot was formed to bring on the riot, the scheme being that if the police of East St. Louis could by having their officers shot be made to sympathize with the action of the mob it could carry out its purposes without interference."

Details Action Preceding Outbreak

The report then detailed the action that led to the outbreak during the night of July 1 and 2 and added "it was about this time that two automobiles containing persons who fired shots into the homes of colored people drove up in front of the Commercial Hotel, controlled by a leading politician and the occupants entered the hotel. These cars stood on the streets in front of that hotel until next morning. It should have been apparent that they had been employed on some lawless errand for the machines were riddled with bullets and buckshot, and yet there were no arrests.

"That morning at 9 o'clock the automobile in which two officers were shot stood in front of the police station and a crowd gathered around it. Word was passed among the crowd composed of white persons to meet at labor temple hall and the throng marched from the police station to the hall. A chairman was elected and he asked those present to return at 3 o'clock armed with guns prepared to defend themselves.

"From that time until after midnight on July 2, occurred one of the wildest scenes of human carnage and destrucvtion of property recorded in Illinois history. Nearly 100 persons were killed and 245 buildings were burned.

With a few exceptions the police stood by and made no effort to curb the mob. A merchant rushed to the police station and told the chief of police that the mob was lynching a negro and the chief replied, 'Well, they are getting what they gave Coppedge and Wadley.'" (Two officers shot the previous night.)

Lack of Respect for Law

The grand jury concluded by asserting that there had been a growing lack of respect for law in the community and that this had grown until an outbreak occurred. It recomended that there "should be a greater degree of tolerance between the white population and the colored population, that the whites should recognize that the manual services of the negro are necessary, that while the Caucasian is progressing as a skilled workman, the negro is only developing, beginning with the unskilled labor hitherto performed by aliens.

"To establish a demand for skilled mechanics, unskilled labor must be performed and the negro should be encouraged in his efforts. On his part the negro should recognize that co-operation with the whites is indispensible to his success and that his advancement lies in this direction and nit in listening to agitators of unrest."

The grand jury report recommends the establishment by the state of a constabulary of 1,000 or more trained state policemen on constant duty to be moved in sections from one place to another to enforce all laws, so that they would not be affected by local prejudice and opinion.

WOODSON REVIVAL SERIES WAS VERY SUCCESSFUL

The Rev. Chester Birch and wife have left for Winona, Ind., after completing the revival meetings at Woodson, which were brought to a close Sunday after three weeks of steadily increasing success. A number of converts were reported and the Rev. J. Lathom, pastor of the Presbyterian congregation, which conducted the revival, feels well pleased with the results of the meetings.

Sunday was a noteworthy day at the revival tent, Rev. Mr. Birch preached a strong sermon in the morning. In the afternoon a second big meeting was held in the tent and Sunday evening an audience of large proportions heard the evangelist for for the last time. Rev. Mr. Birch is a minister of character and personality and the people of Woodson and vicinity were sorry that his stay among them had to be so short.

GETTING READY TO PAVE.

The Standard Paving company put a force of men at work Tuesday excavating for the North Prairie street paving. Excavating was begun at the junction of Lafayette avenue and Prairie street. The company intends to push this and construction work along rapidly.

John E. Bretz, who has the contract for the loop district paving, has several cars of curbing here and the work of placing the curbing along North Sandy street was begun yesterday.

RED CROSS NOTICE.

Women of Westminster church will meet this morning and this afternoon at the home of Mrs. J. H. Russel to sew for the Red Cross. A large attendance is hoped for.

Iron Is Greatest of All Strength Builder, Says Doctor

A Secret of the Great Endurance and Powers of Athletes

Ordinary Nuxated Iron Will Make Delicate, Nervous, Rundown People 100 Per Cent Stronger In Two Weeks' Time in Many Cases.

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. E. Sauer, a Boston physician who has studied widely both in this country and Great European Medical Institutions when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change food into living matter. From their weakened nervous condition they know something is wrong but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five grain tablets or ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because they knew the secret of great strength and endurance and filled his blood with iron before he went into the affray, while many another has gone down to inglorious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. E. Sauer, is one of the newest organic iron compounds. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, rundown conditions. The Manufacturers have such great confidence in Nuxated Iron that they offer to forfeit $100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Obermeyer & Son, Luly-Davis Drug Co., Armstrong & Armstrong, Gilbert's Pharmacy and all other druggists.

MR. JACKSON TALKS OF EARLIER DAYS

Aged Resident in Business District Tuesday—Ninety Years Old But Still Hearty

Tuesday the venerable Henry Jackson of 522 Reid street made a journey down town and paid a visit to the Journal office. Mr. Jackson carried with him an old powder horn which was used by his father in the war of 1812-15. The horn is elaborately carved and there are a number of dates which Mr. Jackson said had an especial significance.

Mr. Jackson was born two and one half miles northeast of Jacksonville and with the exception of a brief period spent with his son in Creighton, Iowa, has lived his entire life in this city and vicinity. Fifty-five years ago he came to Jacksonville and took up his residence in the house in Reid street and this he says is the only place that seems like home.

Tuesday Mr. Jackson was in reminiscent mood and talked interestingly of early days. He has a remarkable memory and tells many things of the early history of the city. Tuesday he told of the old fashioned presses and methods which were used in printing the Journal when he first knew it. He also talked of the old looms, spinning wheels and other things used in the manufacture of cloth and of the primitive methods of cooking and building fires. Mr. Jackson wondered what the young women of today would do if they were called upon to make cloth for the family and do the cooking as it was done in the early days.

When Mr. Jackson was about 20 years old he received an injury to his hip by being thrown from a horse. The injury prevented him from following his occupation of farming but he still is remarkably well preserved. Tho he celebrated his 90th birthday last March he has more the appearance of a man of 70 years.

One of the things he told yesterday was of cradling twenty acres of wheat on the land which is now occupied by Jacksonville State hospital. He was paid $1 per day for his services and said that he had often cradled oats at 62 1-2 cents per day. This is quite a contrast to the price the farmer pays for help in these days.

Tho the friends of his earlier days have all passed on there are still many residents whom Mr. Jackson has known for a long period of years and he finds great pleasure in getting down town and meeting them, tho his deafness makes it difficult to carry on a conversation. Mr. Jackson has seen five generations of the Cox and Pyatt families.

Chicken fry and burgoo at Franklin Sacred Heart church, Thursday, Aug. 16th. Train connection will be made at Murrayville. Free auto service from Yoeman. Good oiled roads.

BIG MENAGERIE WITH ROBINSON SHOWS

Friday, Aug. 17th Will be Circus Day—Jungle Nursery a Feature.

In America the menagerie is an indispensible part of the circus, and from the juvenile point of view, a circus wouldn't be a circus without one.

If advance rumors anent the John Robinson show which exhibits here on Friday, August 17th are to be credited, then this section of the exhibition will prove of universal interest, for not only is there a great diversity of animals, but there is also an interesting collection of infants, in what is termed by the show's press agent the "Jungle Nursery."

By his unusualness, the most important of these infants is "Congo," the baby Hippopotamus who was ruthlessly separated from his birthplace and Miss Murphy, his doting mother at the Central Park Zoo, New York. He was purchased from the park commissioners by John Robinson last February. After the purchase was announced vigorous protests were made by the children of Gotham with whom he was a first preference favorite. This was taken up by the metropolitan newspapers, and when the outcry grew strong the Commissioners wanted to buy him back.

When it was time for "Congo" to make his adieux and depart for the John Robinson Circus, quite a mob of children, as well as Bill Snyder, his keeper, and several of the Commissioners were down at the East River to see the last of the cherished youngster.

There are lots of other interesting babies in the Zoo nursery including baby Lions, Pumas, Kangaroos, Leopards and two little brown Bear Cubs who are natural comedians and so full of fun that they come in for a great deal of attention not only from visitors but from the Show folks as well.

There is also a wonderful showing of liliputian animals including elephants in striking contrast with the largest of the big herd.

LICENSED TO MARRY.

Roy Daniel, Roodhouse; Mary McPherson, Jacksonville.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of $1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

GERMAN INVASION HAS COST BELGIUM VAST SUM

According to Compilation Made By American Committee of Engineers in London—Says War is Destroying Militarism.

London, Eng., July—(Correspondence of The Associated Press)—German occupation of Belgium thus far has cost in money wrung from the impoverished nation in the way of so-called "war contributions" more than $1,600,000,000 according to a compilation made by the American Committee of Engineers here.

In addition to this, the Belgian government and the charitable world have contributed upwards of $250,000,000 to feed the Belgian population during the three years of the war "-a charge", the committee asserts, "which rightly should have fallen upon the invader."

The indirect loss to Belgium by the German occupation, thru stoppage of industry and commerce, cannot be measured in money, the committee adds.

"While no figures exist for the systematic looting of machinery from factories, the constant requisition of goods of all kinds frequently against payment of none or little value, and the wholesale destruction of forests, they certainly bring the total damage to well over $2,000,000,000," declares the committee.

Destroying Militarism

London, July.—The dread that militarism will be promoted by the war is becoming more remote, in the opinion of the Bishop of Oxford expressed recently at a conference of clergymen of all denominations to discuss the formation of the league of nations. On the contrary, he said, the war is destroying militarism and all the deeper indications point to a great strengthening of democratic feeling.

Drawing a distinction between the German people and their government he said, he desired that every German should understand that his people were to have a fair chance among the nations of the earth.

IS JACKSONVILLE TO HAVE A NATIONAL INSTITUTION?

Jacksonville may well be proud of the name and fame which her educational and philanthropic institutions win for her. Her high reputation has made itself felt in every part of the land. Neighboring cities, in the midst of their noisy rush of business, look up and wonder at the elevating inspiration which gives Jacksonville such a unique character. Providence does not often favor a city with a cosmopolitan atmosphere like ours, and our citizens, doubly blessed by reliance on the garden-soil of the earth, may well be thankful for the advantages which they enjoy. Our civic nature is many-sided—unlike many a larger community, we do not base our sole glory on the industry of an out-of-town or foreign corporation. Great social and financial disasters do not easily affect us, and all in all, we are pretty well content.

But, while our schools draw students from every state of the Union, and while a few of our business houses carry Jacksonville industry from ocean to ocean, our citizens will be gratified to learn that a truly national institution has taken its place among the other institutions of the city. This is known as the National Embossing Press, an organization incorporated not for profit, and with the purpose of printing periodicals, music and books for the blind. Its scope is no more limited to Jacksonville and to Illinois than to New England or California. Wherever this work is known, there the name of Jacksonville is linked with progress and modernity. The National Embossing Press is one of the newest developments in the work for the blind and is a forward step in progressive relief for this handicapped class.

Several months ago Jacksonville was frightened by an erroneous statefent that the directors of the Press intended to secure the major part of their endowment in this city. Immediately people began to complain that this city is begged to death, and the directors soon learned that "a prophet is not without honor save in his own land," for the new work began to meet much more favor elsewhere than at home. It is gratifying to know that philanthropists of some of the large cities are considering laying the foundation of an endowment for the work.

However, it will be two or three years before a sufficient endowment can have been secured to maintain the work of the Press. Therefore, Jacksonville and two other neighboring cities have been asked to help the work in the meantime, raising a small fund to secure the operation of the plant until the endowment is proportionate. Such relief support is easily within the power of our citizens, for, first, it will give the city a great national institution, and, second it will be extending to the blind the benefit which alone should be sufficient consideration for liberal support. The directors of the National Embossing Press, Mr. F. G. Meyers, president, extend to the citizens of Jacksonville an urgent appeal to assist them in their work, and cordially invite all who may be interested to visit the printing establishment, 225½ East State street.

L. W. RODENBURG.

MRS. HAIRGROVE WILL BE BURIED AT FT. DODGE.

Acting upon the wishes of Mr. and Mrs. H. S. Sanders of Ft. Dodge, Iowa, parents of Mrs. William N. Hairgrove, her remains will be taken from Los Angeles to Ft. Dodge for interment. The body will not reach that city before Saturday and Mr. Hairgrove has arranged to attend the services. The present pressing work of the local board of exemption will be over by that time so that he can make his arrangements to be absent from the city for a brief period.

Social Events

Miss Mary Beth Fox of Sinclair Gives Slumber Party

Last evening Miss Mary Beth Fox daughter of Thomas Fox of Sinclair gave a slumber party to a number of young friends in honor of Miss Virginia Whitley. Among the guests were Misses Lora Bancroft, Ann Weir Palmer, Leone Dawson, Mildred Patton and Helen Bennett. The young ladies were most admirably entertained in a novel and unique manner which all most fully enjoyed.

Entertained for Grandsons.

Mrs. Fred Armstrong entertained a company of little folk at her home Tuesday afternoon in honor of her grandsons, Maurice and John Hairgrove. A delightful afternoon was spent in games and music after which delightful refreshments were served. The decorations were American flags. The hostess was assisted in entertaining by Mrs. Edward Hairgrove, Miss Lydia Hairgrove and Miss Mary Foster. The guests were: Maurice and John Hairgrove, Carl and Frances Pitner, Albert, Isabel and Claribel Cully, Mary and Eunice Davis, Ralph, Raymond, Martha and Mabel Cook, Dwight Green, Mary Elizabeth Phillips, Alice Brown, Mrs. Edgar Cully, Mrs. Harvey Davies, Mrs. Amanda Brown of Pleasant Plains, Miss Lydia Hairgrove of Virden, Miss Mary Foster and Mrs. Edward Hairgrove.

Strawn's Crossing Club with Mrs. Robinson.

The Strawn's Crossing Woman's club met with Mrs. Kate Robinson Tuesday afternoon. The club members joined in singing "America" and then Red Cross work was discussed by Mrs. Coons. A paper on "The Noted Men and Women of Illinois" was read. Current events were used in roll call. There were several visitors present at this meeting, which proved a very profitable one.

The next meeting will be held at the home of Mrs. Coons, Tuesday, Aug. 28.

Mrs. Burnett Hostess to Home-Makers' Circle.

Mrs. Everett Burnett, near Waverly, entertained the Franklin Home-Makers' Circle Tuesday afternoon. "Things We Ought to Know" was the subject at roll call. Miss Olive Burnett gave a piano solo and Miss Olive Burnett sang a group of three songs, "Mother Machree," "When the Flag is Full of Stars" and "Take Me Back to Old Virginia." "Edison and His Work" was the theme of Mrs. Cathryne Scott, who read a very interesting paper and the subject, "Electricity in the Home" was well presented by Mrs. E. A. Roberts. Miss Bernice Wood favored the company with two readings, "Seventeen" and "Our Boy at the Front." Miss Lukeman then gave another solo, which was as well received as the first, and the members gave attention to the refreshments, served by Mrs. Burnett during a delightful social hour. Mrs. C. E. Beerup of St. Louis and Mrs. Theodore Lukeman were guests of the circle.

The next meeting will be held at the home of Mrs. Charles Criswell, Sept. 11. Mrs. S. J. Camm was excused as hostess for the meeting two weeks hence on account of illness.

Rush for Mrs. Cowgur at Frank Green Home.

A party of young women from Jacksonville, for the most part members of Mrs. Claud Vail's Sunday school class at Centenary church went to Strawn's Crossing Tuesday evening and gave a miscellaneous rush for Mrs. Don Cowgur, at the home of Mr. and Mrs. Frank Green, parents of Mrs. Cowgur, who, before her recent marriage, was Miss Nellie Green. An excellent supper was served and the eseving hours were spent in social conversation and in playing croquet. When the large "wedding cake" was cut, tokens were found as follows: dime, Mrs. Cowgur; needle, Miss Catherine Davis; Miss Emma Ahlquist, thimble and Miss Esther Wetzel, the ring. The young women returned to the city on a hay-frame, with recollections of an evening most merrily spent.

DEAF MUTES HELD ANNUAL PICNIC

The fourth annual picnic of the Gallaudet club was held at Nichols park Tuesday and the attendance was the largest in the history of the club. There were sixty deaf mutes present and the occasion proved one of extreme pleasure. The committee on arrangement included Louis Iglehart, chairman; W. F. McLean and Theodore Zimmer, and they overlooked nothing in making their preparations. The program included twelve different contests for which prizes were awarded. Then came an excellent supper and several social hours. The weather was not propitious but that fact did not seem to mar the occasion in any way. Among those present from out of the city were Miss Esther Kearney of Pittsfield and Earl Larue of Middletown, Ill.

PROBATE COURT.

In the estate of William Nunes the appraisement bill has been approved.

In the estate of Frances A. Humphrey, inventory was approved.

In the estate of Ella C. Shuff, inventory was approved.

In the estate of Mary E. Scott, the petition to omit appraisement was allowed and the inventory was approved.

The report of William Whalen as guardian of Fred and Ruth White was filed and approved.

RESUMES WORK AS TRIMMER.

Miss Bernice Redding left this morning for Chicago, where she will spend ten days at the millinery markets. After a time at the houses of Gage and Fisk she will leave for Traer, Ia., to begin her third season as trimmer for a Traer millinery firm.

WORK PROGRESSES ON WOODSON ROAD

Contractors Plan to Have Everything in Good Condition for Chautauqua Travel

The Cocking Cement Co is pushing the work on the road between the city and Woodson. Nearly all the grading is done as far as the crossing of the Alton road a mile or more directly north of the village and it is the intention of the contractors to have the whole ir passable shape by Friday for the benefit of the chautauqua patrons.

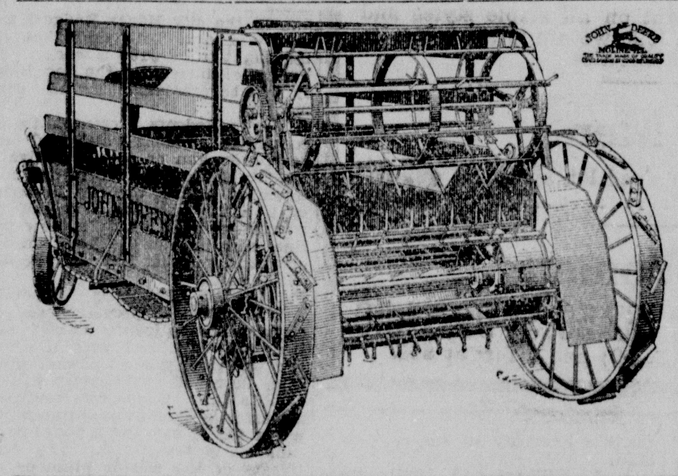

The contract extends to the Henry crossing a mile or more south of Woodson but there will be little cutting or filling except at the Henry crossing which will require considerable work to get it in good shape. The contractors have constructed twenty concrete culverts and bridges and have graded Big Sandy hill till it is quite respectable. Other hills have been cut down and a great deal of grading all along has been done and now the road engine is running the leveler over all so that the highway will soon be in passable shape.

They are working eighteen men and fourteen teams in addition to the road engine and when they leave the road it will be in as good condition as a dirt highway in this county can well be. The work is under the direction of Edward Williamson who is representing the Cocking Cement Co. and F. J. Blackburn.

UNDER ARREST IN OTTAWA

H. R. Fish was arrested in Ottawa yesterday on request of Chief Davis on a warrant issued by Otto Speith the photographer. Fish was here several months ago getting out a souvenir edition of the city. It is alleged that he failed to pay his bill contracted with Mr. Speith for photographic work for the edition, hence the issuance of the warrant. Sheriff Graff will go to Ottawa and bring Fish back to this city. It is said that a number of others are interested in the apprehension of Fish. One of the parties concerned last night said that the book was printed and ready for binding but that probably some of the subscribers would have to advance more money in order to complete the work.

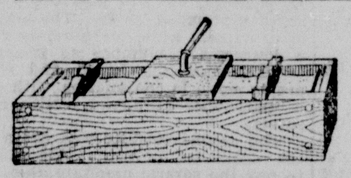

HALL BROS. Implements Fence, Buggies

JOHN DEERE MANURE SPREADER WITH STRAW SPREADING ATTACHMENT

$5 Off THIS HOOSIER SPECIAL Kitchen Cabinet

NO MORE WHEN THESE ARE GONE

The Hoosier Company has consented to let us offer this drastic reduction as a special August drawing card.

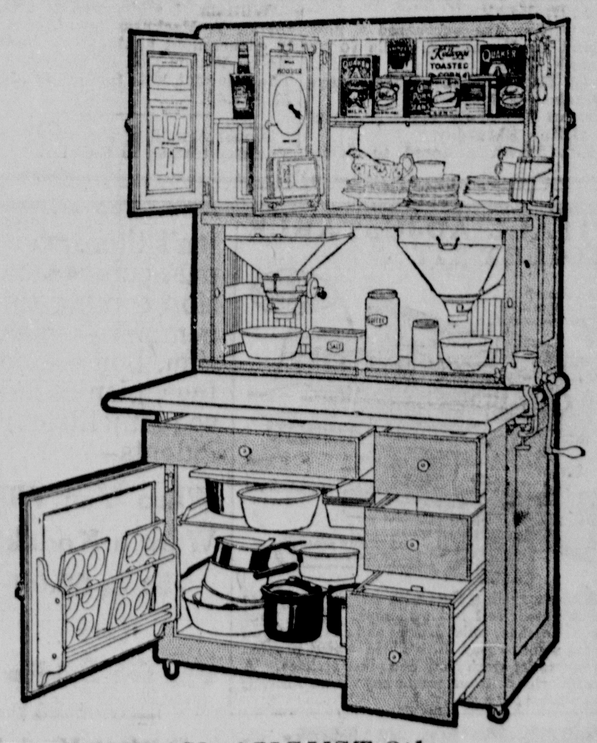

Only once before in history have they authorized us or any store in America to make a cut in price like this.

On that occasion practically every Hoosier Special in America was quickly taken. Many women could not be supplied at all.

It seems without doubt that this will happen again. Thousands of women want the Hoosier and have planned to get it.

So don't blame us if you come too late. Our allotment is limited and the factory has written us this:

"When you sell your stock of Hoosier Specials you are to stop your sale immediately."

SALE BEGAN MONDAY, AUGUST 8th.

The terms of the Cut-Price Hoosier Sale are these:

1. **Pay only $1 when you order the "Hoosier Special."**
2. **Pay the balance only $1 a week.**
3. **No interest, no extra fees.**
4. **Your money all back if you are not delighted.**
5. **Bona fide cut of $5 in the price, but sale ends absolutely when our small allotment is gone.**

We Save You a Dollar a Minute

It won't take you over five minutes to decide when you see this unbeatable bargain. And in that five minutes you save $5.

We'll accept your order by telephone, but unless an order is given no cabinets will be reserved.

And please don't forget that many women who have made up their minds to have the Hoosier, will see this offer and lose no time.

Only by coming early tomorrow can you be SURE of getting one of these wonderful cabinets at our unheard-of price.

JOHNSON, HACKETT & GUTHRIE

HOPPER'S

MERRITT WOMEN TO GIVE SOCIAL SATURDAY

Ladies' Aid Society to Serve Ice Cream on Church Lawn—Change in Hour for Church Service—Band to Play at Franklin Thursday

Merritt, Aug. 13—The Ladies' Aid society will serve ice cream on the church lawn Saturday evening of this week. Everyone is cordially invited to attend.

Mrs. Geo. W. Hardwick is spending the week with her parents Mr. and Mrs. Ivan Wood of Pisgah.

Mr. and Mrs. W. D. Hitt Sr. were Jacksonville visitors Saturday.

Rev. and Mrs. Geo. Haas of Naples and Mr. and Mrs. A. V. Pyle of Bluffs were calling on friends in this vicinity Monday evening.

The hour for church services has been changed from 8 p. m. to 7:30 p. m. All are cordially invited to attend. Sunday school at 10 a. m.

Quite a number of our young people attended the picnic at Concord last week.

Get in the procesison and follow the Merritt Concert Band over to Franklin Thursday to the big annual chicken fry and burgoo picnic. This will be the largest outing of the season so don't miss it.

Mildred Taylor and Kathryn Morris returned from Concord Sunday where they had been visiting friends.

Mrs. S. P. Smith of St. Louis is visiting with her parents Mr. and Mrs. J. H. Hawk.

Oda Owens has purchased a new Vverland of Vannier & Mills to be delivered soon.

Hazel Mullar spent several days in Winchester last week.

Norman Campbell was a Jacksonville visitor Saturday.

Albert Hawk motored to Jacksonville Saturday in his new Overland.

J. L. Gillham and family spent Sunday with J. H. Hawk and family.

Annual watermelon picnic, Woodson, Aug. 29th.

IS GIVEN HEAVY FINE.

Elmer Cannon was arraigned before Judge W. E. Thomson Tuesday on information filed by Chief of Police Davis with the state's attorney, charging him with selling liquor in local option territory. There were three counts against him and on each count Judge Thomson fined him $100 and costs and on two of them he gave him 60 days in the county jail.

CHARGED WITH ASSAULT AND BATTERY.

Walter Birdsell of the vicinity of Franklin was arrested by deputy sheriff George Stice yesterday on the charge of assault and battery. A peace warrant also was issued. The complaint was made by his wife Pearl Birdsell. Birdsell was placed in the county jail and will probably be taken before the court today.

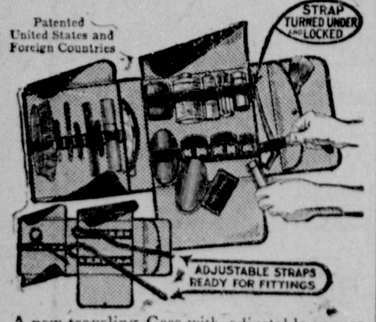

TWO SUITS FILED.

A suit has been filed in the circuit court for hearing at the November term on behalf of Frank Grogan vs Alethea and Sue Flinn. The complainant is represented by J. O. Priest and avers an account of $650 due and unpaid.

William N. Hairgrove as attorney for C. T. Mackness has filed a suit in attachment against the Hannibal Motor Wagon Co., of Hannibal, Mo. The amount set forth as due is $1,667.45.

Nobel Arnold of Murrayville spent Tuesday trading in the city.

FITALL ADJUSTABLE TOILET KIT

A new traveling Case with adjustable spaces and patent self locking straps. Holds your own brushes, toilet articles and anything you may want to put in. Three water proofed pockets for wash cloth and other articles. A wonderful convenience for anyone who travels and ideal for a gift.

DRUG STORES

MOTOR TRUCKS ARE ACCEPTED BY COUNCIL

Test is Reputed as More Than Meeting Promises—Plumbing Inspection and Improvement Tax Ordinances Passed.

The usual weekly meeting of the city council was held Tuesday morning with all members present. Commissioner Martin of the department of public health and safety reported that the tests had been made with the fire department motor trucks and that the results more than measured up to the terms of the contract. Motion was made and seconded that the two trucks be accepted by the city and this was carried by unanimous vote. It was stated that a representative of the company will remain here to give instructions to the firemen in the operation of the apparatus until it is believed that all the men have a thoro understanding of the workings.

Commissioner Martin mentioned the matter of license for street fairs and said that he was in favor of changing the fee of $12.50 a week to $50 a week. As the coming of these shows was never of advantage to the city Mayor Rodgers and Mr. Widmayer both said that the fee ought to be $100 a week. An ordinance increasing the fee largely will be presented at an early meeting

Mayor Rodgers presented to the council a summons which had been served on him as representative of the city in the suit brought by Judge Thomson against the city in behalf of a client who has a public improvement bond which is now past due and unpaid. The mayor's comment was that this was the first of the suits.

Provide for Plumbing Inspection

The ordinance providing for the supervision and inspection of plumbing made to accord with the state law was given a second reading and after its regular publication will become a law. Under this ordinance a master or employing plumber is to pay a fee of $50 and a journeyman plumber a fee of $1. The certificate of the master plumber can be renewed for $10 and the journeyman plumber for $1. The mayor is to appoint a master plumber and a journeyman plumber as member of the examining board and they are to serve in conjunction with the commissioner of public health and safety.

The second reading was given to the ordinance providing for a tax to pay the several amounts assessed against the city of Jacksonville for public benefits in street paving. The amounts thus levied for the year 1917 are as follows: For the payment of the paving of West State street adjacent to Duncan park, $3.054.95. For part of lot 103 original plat, $122.55. For lot 93 original plat, $797.55. For lot 16 original plat, $65. For lots 64 and 65 original plat, $60. For College street $3,422.53. When the amounts so assessed have been collected they will be paid to the city treasurer and credited to the respective accounts.

More Sidewalk Ordinances

Ordinances were given a second reading for sidewalks on East and West Morgan streets, Bedwell street, Illinois avenue and Richards street. Ordinances were presented for sidewalks on West College avenue, West North street West Railroad street and East Lafayette avenue. Mr. Cox, with a second by Mr. Martin, made a motion that the city advertise for bids for the construction of sidewalks adjacent to the properties where the owners have continued for more than thirty days to ignore the ordinances requiring such walks. Another ordinance for the construction of the Hardin avenue sidewalk was introduced. Some minor matters of business occupied the attention of the council before adjournment.

NEW APPARATUS IN SERVICE.

Chief Hunt of the fire department yesterday put Motor engine No. 1 into service. The apparatus carries 1,500 feet of hose, one 30 foot extension ladder, one 16 foot roof ladder, one 40 gallon chemical tank and two three gallon chemicals. The new apparatus as it stands Chief Hunt says, is an entire fire department in ono vehicle.

SIM WON SECOND MONEY

Sim, owned by W. N. Hairgrove and driven by Clark Green, won second money at LeRoy Tuesday. He was second in each heat, the best time being 2:12½.

MORE TEACHERS NAMED FOR CITY SCHOOLS

List of Appointment Read at Special Board Meeting Tuesday Afternoon

The board of education met yesterday afternoon in special session to act on the report of the superintendent and teachers committee regarding filling vacancies. Present members Pierson, Parker, Rapp, Muehlhausen and Duncan. Member Rapp was called to the chair. The report of the teachers' committee was made by Member Parker in the absence of Member Metcalf, chairman of the committee. Miss Della Hairgrove, appointed at the July meeting, had resigned.

The report was as follows:

John Baird, high school, commercial, salary, $900.

Dorothy S. Ward, science, salary $810.

M. Alice Gunn, David Prince, salary $585.

Mrs. E. A. Jones, regular substitute and domestic art, salary $585.

Lydia Hamilton, grades, salary $540.

Mr. Baird was trained at Valparaiso University and Gem City Business college, Quincy, Ill. He is a teacher with experience; 33 years old and unmarried.

Miss Ward has had training at Kansas State University and University of Chicago. Has had four years as teacher of sciences in Illinois.

Miss Gunn is a sister of one of the most successful teachers the school has had. She is a daughter of Mrs. John Gunn residing west of the city. She is a graduate of Illinois college, class of 1917 with a degree and has taught one year.

Mrs. Jones was trained at the Ill. Woman's college, Stanford and Washington State universites and lacks but a few weeks of taking a degree. She is related to many in the county, is an experienced teacher.

Miss Lydia Hamilton is too well known to need any introduction. She was noted as a successful primary teacher in the Jacksonville schools when she resigned to take a place on the faculty of the State School for the Blind. For some time she has taught at the State School for the Deaf. The report of the committee was unanimously adopted.

$50 REWARD

For arrest and conviction of party who stole a heavy set of work harness from William Nunes' residence Sunday evening.

JOHN PIRES,
SAMUEL NUNES,
Excrs. William Nunes Estate.

THRIFT IS GENERAL RULE IN U. S. NAVY

Modern Bluejacket Generally Comes Out of Service With Larger Bank Account than Civilian Brother—Savings in Ships Banks Show Enormous Increase.

Great Lakes, Ill., Aug. 14.—The phrase, "spends his money like a sailor" is fast becoming obsolete, for the modern bluejacket generally comes out of the service with a rounder bank account than that of his civilian brother. With the recent increase of pay in the Navy, savings in the ships banks have increased enormously. The gospel of saving is preached continuously in the Navy, and with effect.

At the Great Lakes Naval Training Station, where 12,000 jackies are in training, representing the lowest rank and correspondingly the smallest paid body of men in the Navy, nearly $25,000 has been deposited. The amount is not surprisingly large, but considering that the average jackie has been at the Station for only a little more than a month, it shows that they have caught the spirit. Civilion banks adjacent to the Training Station also carry considerable savings accounts for the jackies.

At the Training Station, as on every ship in the Navy, there is a bank for the exclusive use of the jackies in which they can deposit their savings and draw 4 percent interest. Such deposits are required to remain in the bank for the period of the depositor's enlistment and it is not uncommon for the sailor to come from his cruise with a good sum set aside for a rainy day.

Of course, there are no rainy days in the Navy as the bluejacket is cared for in sickness and is always sure of his job as long as he behaves himself, but many who leave the service find that this financial backing comes in handy. There is no small number of men in the service who boast bank accounts and investments that would make a civilion considered "well off" in his community.

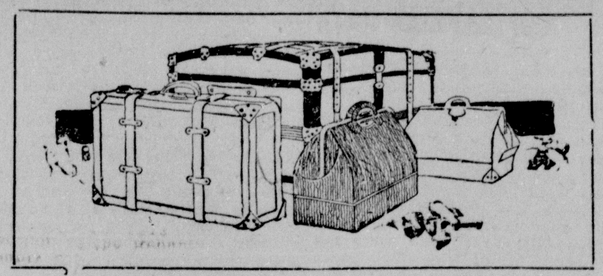

Chicken fry and burgoo at Franklin Sacred Heart church, Thursday, Aug. 16th. Train connection will be made at Murrayville. Free auto service from Yoeman. Good oiled roads.

A BEAUTIFUL GIFT.

Last evening a few friends gathered at the home of Mr. Dufy, jeweller for Russell & Thompson and while there Mr. Deitrick presented Dren Duffy a handsome gold watch, of the McKinley special type, a high grade time piece. On the inside case were engraved the words: "Presented to Dren Duffy by John Deitrick as a token of gratitude, Aug. 8, 1917."

A beautiful chain was the gift of a friend of Mr. Deitrick and it is needless to say that the gifts are highly prized by the young recipient. Young Duffy it will be remembered rescued Deitrick from drowning at Nichols Park on the date engraved in the watch.

Travel Luggage

When you travel your clothes will be as well taken care of and as conveniently arranged as in your own home—if you travel with a **Hartman Wardrobe Trunk**—not a wrinkle when unpacked. **Taxi** —three-quarter and full size ..... **$25 to $40**

MYERS BROTHERS.

VIRGINIA RESIDENT ILL IN SPRINGFIELD

Condition of Mrs. Edward Nix Regarded as Serious—Fox Family Reunion Tomorrow—Other Cass County Items

Virginia, Aug. 13—Arthur Smith was a Peoria visitor Saturday.

The condition of Mrs. Edw. Nix who is a patient at the St. John's hospital in Springfield is not encouraging to her friends and relatives.

Col. Jeff Wilson of Chandlerville was a caller in Virginia Saturday.

Stuart Reid left for Flora Saturday on a business trip.

Mrs. Virginia K. Bishop and daughters Katherine and Mary departed Sunday morning for a visit with Ashland and Murrayville relatives.

Miss Nancy Collins departed Saturday evening for New London, Ia., where she will visit with relatives.

A party of Virginia and Springfield men were camping at Matanzas last week, namely, L. A. Petefish and C. M. Tinney of the capitol city, and Dr. C. M. Hubbard, J. E. King of this city.

Among the Sunday capitol visitors were Mr. and Mrs. Thos. Whalen and family and Mrs. C. T. Sutherd.

Robt. Hall was in St. Elmo Sunday. Mr. Hall is receiving treatment from a doctor in that city.

Leo Finn was called to Springfield Saturday to report. Leo is an applicant for enlistment in the hospital unit organized by Drs. D. Mottis and W. A. Taylor of Springfield.

Mr. and Mrs. Frank Redding were the guests of their daughter Mrs. Warren Walkins in Philadelphia Sunday.

Mrs. Hester Carter and daughter Elizabeth of Aurora are the guests of the former's sister, Mrs. W. R. Blackburn.

Among the Virginia people attending the Schuyler county fair last Friday were as follows.

Jesse Mefford and family, Miss Margaret Mefford, Mrs. Chas. Etichson and daughter, Hattie May, V. J. Decker, Earl Petefish, Ed and Myron Caldwell, Thos. Finn, Ed Meyer, Jas. Finch and Wm. Stafford.

The families of J. C. Bailey, Arthur Hiles and Dr. Thornsborrow, spent Sunday at Wilcox Lake as the guests of the F. L. Fisher family who are in camp there.

Friends and relatives of Miss Elisabeth Collins of this city are in receipt of the announcement of her approaching marriage to Rev. Francis Ward of Chicago. The happy event will take place Saturday, Aug. 25th at the home o fthe bride's uncle, Mr. and Mrs. Henry S. Savage on Illini street.

D. D. Wilson left today for Denver, Colo., where he will visit with his son Herbert Wilson and family, also with his daughter, Miss Mabel Wilson.

The annual Fox family reunion will be held Thursday Aug. 16 at the home of F. L. Fox near Garner Chapel. It will be an all day affair and promises to be a day of feasting and pleasure.

Mr. and Mrs. Dode Hudson and children went to Quincy Saturday evening, where they visited their son Ralph who is a member of Co. B. and expects to leave Quincy for a southern point at once.

The families of S. R. Suffern and Wm. Whittaker spent Sunday at Camp Lowden in Springfield with their sons, Louis Suffern and Walter Whittaker who will soon leave for other stations.

CHAUTAUQUA TICKETS

Chautauqua Tickets at Hopper and Sons.

NOTICE OF AWARD.

..Notice is hereby given that the Board of Local Improvements of the City of Jacksonville, Illinois, at a meeting held on the 13th day of August, A. D., 1917, did award the contract for the construction of the local improvement of the roadways of South West, West Morgan, South Sandy streets, East and West College avenue, South Mauvaisterre, East Morgan, North and South East streets, East Court, North Mauvaisterre and East and West North streets in accordance with plans and specifications on file in the office of the City Clerk in said City, as provided in an ordinance passed by the said Board at its meeting April 2nd, 1917, to John E. Bretz of Springfield, Ill., on his proposal as follows: 12,360 sq. yds. Creosoted wood block paving complete in place @ $2.46; 2371 cu. yds. excavating, grading and preparing subbase at 40c; 540 lin. ft. sandstone curb complete in place @ 60c; 4968 lin. ft. concrete curbing @ 40c; 1734 lin. ft. of cutting thru sidewalks @ 20c; 13 cast iron, storm-water inlets @ $14.50 each; 5 brick catch-basins with cast iron tops, complete in place @ $30 each; 134 lin. ft. 10 in. vitrified clay sewer pipe complete in place @ 70c.

Dated this Aug. 15th, 1917.

Henry J. Rodgers,
President of the Board of Local Improvements of Jacksonville, Ill.

ANNOUNCEMENT

I hereby announce my candidacy for the nomination for the office of county commissioner, subject to the decision of the Republican primary, September 12, 1917.

FRED J. SCHOLFIELD.

GOOD BROOM CORN

A sample of broom corn raised on the farm at the State School for the Deaf has been left at the Journal office. The stalk is fully 12 feet high and is a fair sample of the corn grown on the plot planted this year under the direction of Frank Mather, farmer at the school for the Deaf. The plot of ground was planted to broom corn rather as an experiment and the success made will probably result in a considerable acreage next year.

FORMER MANCHESTER MAN HERE FROM KANSAS

Paul Germaine Returns for Visit After Absence of Thirty Three Years—Emory Million Summoned by Father's Illness—Other Scott County Notes

Manchester, Aug. 13—Rev. Mark White was called to Hunter, Ark., Sunday by the serious illness of Mrs. White's brother, Frederick Shubart.

Charles Deatherage and family of Waverly motored to Manchester Sunday. Mrs. Deatherage who spent last week with her aunt, Mrs. S. A. Wilson, accompanied them home.

Paul Germaine and son Charles, who reside in southwestern Kansas, called on old friends here Tuesday. Mr. Germaine is the son of Rev. Germaine who resided here with his family many years ago while filling the pastorate of the Christian church. The family left here thirty three years ago and this is the first visit Mr. Germaine has made here since that time.

Chester Brown of St. Louis, Mo., arrived Monday to join his wife and little daughter who are visitors at the home of Mrs. Anna Caldwell.

I. M. Heaton left for Cripple Creek, Colo., Sunday where he will attend to business interests.

Emory Million was called from his home in Muskogee, Okla., Saturday by the illness of his father who resides in Murrayville. Mrs. Million and little daughter Sarah Willard, are at the home of Mrs. Million's parents, Mr. and Mrs. J. C. Andras, Sr.

F. S. Pearce of Ashland spent Sunday with his parents, Mr. and Mrs. W. C. Pearce.

Mrs. E. G. Saye and son Edwin Andras of Jacksonville are visiting with Mr. and Mrs. J. C. Andras, Sr.

Miss Helen Saye returned home Friday after an extended visit with relatives and friends in Missouri.

NOTICE

N. I. Goss is in the employ of this company and is authorized to take subscriptions, make collections and advertising contracts. Mr. Goss has been in the employ of this company for more than a year.

JACKSONVILLE JOURNAL COMPANY

WILL BE TAKEN TO ST. CHARLES

Richard Coleman, the colored boy who was arrested by the police yesterday on the charge of robbing the cash drawer of E. G. Schaub was turned over to Sheriff Graff yesterday and Chief Davis filed information with the state's attorney. The boy probably will be tried as a delinquent and sent to the school for boys at St. Charles.

Al Douglass of Decatur was calling on local Pythians yesterday.

NEW U. S. ARMY SOON TO BEGIN TRAINING

More Than a Quarter of Million Americans Chosen in Selective Draft in Central Department States to Be Assembled at Six Immense Cantonments

Chicago, Aug. 14—Some time after the first of September, at great camps "somewhere between the Rockies and the Alleghanies" more than a quarter of a million Americans will begin the training which will change the boys of the factories, forests and farms of the territory covered by the central department of the army into soldiers of the new national army of the United States.

More specifically 243,104 men chosen in the selective draft from fifteen states in the central department assembled in six immense cantonments, will devote all their energies to becoming seasoned soldiers of America ready to share the fortunes of war with their comrades from the other sections of the country.

Sites for the cantonments where the future soldiers will be trained have been selected with regard to water supply, sanitation and transportation necessities. Camp Sherman, near Chillicothe, O., will train 37,589 men from Ohio and West Virginia; Camp Taylor at Louisville, Ky., 41,560 men from Indiana and Kentucky; Camp Custer, near Battle Creek, Mich., 35,992 men from Michigan and Wisconsin; Camp Grant, near Rockford, Ill., 37,364 men from Illinois; Camp Dodge, near Des Moines, Ia., 44,529 men from Iowa, North Dakota, South Dakota, Minnesota and Nebraska; and Camp Funston at Fort Riley, Kans., 45,980 men from Kansas, Colorado and Missouri.

Similarity in Cantonments

There will be a general similarity in all the cantonments when completed tho local conditions will necessitate a different grouping of barracks, parade and training ground. Each camp covers approximately 3,000 acres sufficient to permit of maneuvers of all the military units assembled there The barracks which at most of the camps are nearing completion are two story structures the second floor being aranged as sleeping quarters for the men and the first for assembly and mess halls. Particural attention to the comfort of the soldiers was paid in designing the barracks. All of the cantonments with the exception of Camp Taylor at Louisville will be steam heated and all will be equipped with comfortable iron beds, ample shower baths and in addition each soldier will have his own locker.

When completed each cantonment will have the appearance of a moderate sized city with this important difference, at the camps there will be no tenement districts, no section squalid and unattractive, not to say insanitary. All will be spick and span and army discipline can be depended to keep them so, for one of the first lessons which the embryo soldier will be taught will be to "police the camp" which in civilian tongue means to clean up barracks and grounds, attend to sanitary details and fit the camp for rigid inspection.

Buildings Included in Camp

Buildings on each camp ground will include General headquarters, brigade headquarters, officers headquarters, barracks for private soldiers, hospital and animal and artillery sheds. Near general headquarters will be the parade ground sufficient in area to accommodate the entire command. More extensive maneuvering fields will be laid out for actual drilling and, most important from the soldiers view point, the rifle range and artillery fields will give opportunity not only for direct fire in view of the targets but for indirect fire and barrage or curtain fire, the great range of the modern rifle permits indirect small arm fire, a thing impossible with the old musket, and the soldiers will be instructed in elevating the rifle so that an intervening hill would not permit the destructive effect of the volley.

There will be sufficient men under arms at each cantonment to form at least two divisions of 19,000 men, as employed in France and Belgium, and intensive maneuvers with the European division as a unit will familiarize officers and men with conditions such as they probably will meet on the battle field and in trench warfare.

That no detail of training for actual warfare may be lacking each cantonment will contain the various arms of the service with the exception of cavalry. At least one division of infantry will train in conjunction with field artillery, engineers, signal battalion and aero squadron and the support of heavy artillery. To assist in the maneuvers there will be approximately 10,000 animals, artillery horses and mules and wagon train animals, as well as thousands of motor trucks and vehicles.

Nearly a Thousand Officers

The soldiers will be commanded at each cantonment by nearly a thousand officers and many more non-commisisoned officers—sergeant and corporals selected from the ranks. Announcement has been made by the war department that promotions will be made for each army division, opening the way for ambitious private soldiers to rise to positions of command.

The details of the routine for the soldier during his stay at the cantonment are largely at the discretion of the commandant of each camp and no hard and fast regulations have been issued covering the course of instruction. In a broad way the drills are expected to follow the intensive training given to the students at the officers training camps where the men who will hold minor commands at the cantonments received their education in military affairs.

Reveille will rouse the men at 5 o'clock and their subsequent activities will include morning and afternoon drill, first in "the school of the soldier," which calls for mastering the manual of arms, learning to stand, walk and run properly, the efficient care of weapons and the use of the rifle. Then comes the "school of the squad" in which the soldier learns to act in conjunction with his seven squadmates; then the "school of the company" with platoon formations, then the "school of the battalion" and lastly duties as a part of the regiment brigade, and division.

Details of Trench Warfare

While all this is being accomplished he is becoming acquainted with his rifle and expert in its use. Mindful of the lessons of the great war in which he soon may be a participant, special attention will be paid to the soldier's bayonet exercises and practice in bombing and grenade throwing will be given. Before the instruction is complete gas masks will become familiar to the soldier and all the details of trench warfare from digging the trench to defending it against every conceivable attack, will receive careful attention.

At first the work will be light but as the soldiers of the new army become hardened, long marches, and exhausting drills will supplant the lighter exercises and fit the soldiers for their task.

"Drill, drill, drill," will by no means be the only activity at the cantonments and recreation has been carefully planned. In the intervals of maneuvers, baseball football, and other sports, particularly those of an athletic nature, will be encouraged. Experts in wrestling, fencing, swimming and boxing will impart their skill to the men. Moving pictures and entertainments will help to while away evening hours.

Every effort will be made by the officers in charge to protect the men from evil influences and the camp morals will be under constant supervision. The entertainment of the men will be largely under the direction of company chaplains.

Reading rooms, facilities for writing and opportunities for indoor amusements have been arranged, all with a view to making the soldier comfortable, contented and cheerful that he may more quickly learn his duties and responsibilites and the sooner become a first class fighting man.

While line officers have been busy preparing to train the citizen soldiers the quartermaster department has been no less busy arranging for feeding the thousands who will occupy the cantonments.

A Balanced Ration

As in the regular army each company will have its cook and helpers who prepare and serve the food. Cleanliness is an absolute necessity. The rations which will be served each man include: beef, mutton, bacon (corned, canned and fresh), corned beef hash, fish (fried, pickled, canned and fresh), turkey, soft bread, hard bread, corn cakes, corn bread, baked beans, bean soup, rice, hominy, potatoes, (fresh and canned), onions, tomatoes (fresh and canned), turnips and other vegetables, prunes, apples, peaches, jam, coffee, tea, sugar, milk (evaporated) vinegar and pickles. Care is taken to avoid too frequent repetition of any food in the daily meals and the varieties make possible a balanced ration at all times.

In preparing the cantonments the war department has sought to make sure that the soldiers in training for the new national army shall have comfortable quarters, good food, moral surroundings, needful recreation and above all expert military instruction so that the new army may be able and equipped at every point for the task before it.

FIFTY DOLLARS REWARD
PAYABLE IN GOLD

To the first man or woman who brings me a buyer to whom I make a sale of my home.

House contains nine rooms besides bath, pantry, toilet on both first and second floors, electric lights, gas, city water, well and cistern within the kitchen, furnace, large attic, floored, all in good condition. Lot 90x180 with good barn, chicken sheds, garden and grass plat.

Situated four blocks from the square, convenient to schools, churches and railroads. I will also sell furniture at attractive prices.

I offer my exceptionally desirable building lot, corner of College Ave. and Prospect St., with east and south front, water and sewer connections already made.

JOHN N. WARD

Dr. James A. Day of Springfield, Ill., will make regular weekly visits to Jacksonville and may be consulted at his office in the building formerly occupied by him as a hospital at 1008 West State St.

He will be at the above address, Wednesday, August 15, from 10:30 a. m. to 5 p. m.

AID IN MAUFACTURE OF MUNITIONS

Fargo, N. D., Aug. — Not only helping in the world war by raising enormous crops, the states of North and South Dakota and Minnesota are also helping in the manufacture of munitions for the allies in the war against Germany by supplying tons upon tons of discarded farm machinery, which is cut into pieces and shipped east, to be manufactured into munitions.

An enormous iron clipping shear, capable of clipping iron bars two and one half inches thick as easily as an ordinary shears clips paper was recently cast here and now is busily engaged in its daily task of clipping up the discarded farm machinery, tons of which are shipped here to be cut before being sent east to be made into munitions.

SINCLAIR

Andrew Harris and father shipped one load of hogs to Chicago Saturday.

Glen Farmer took a number of ladies to the carnival at Prentice Friday night.

Miss Myrette Hughes of Greenview is visiting in this neighborhood for a few days.

Frank Hymes and a company went to Clear Lake Sunday fishing.

Some of the farmers are building bins and cribs to store their small grain owing to the scarcity of cars.

The Fox Reunion will be at the home of F. C. Fox, Aug. the 16th, seven miles east of Virginia.

Crit Hainline is hauling lumber for his new house to replace the one destroyed in June by fire.

Mrs. Jeff Stockton visited your scribe Monday afternoon.

N. T. Fox is clerking at the Fox store for a few days.

MEREDOSIA NEWS BRIEFLY NARRATED

Former Residents Attend Homecoming—W. H. Cocking Oils Main Street — Miss Bertha Starks Leaves for Kirksville, Mo.

Meredosia, Aug. 13—C. W. McLain was a business visitor in Jacksonville Monday.

Delos James and Roy Lippert motored to Chapin Sunday evening.

Miss Bertha Starks departed Tuesday for Kirksville, Mo., for an exterded visit with her sister and brothers in that city.

P. M. Bernard and Mrs. E. F. Nellinger and son Dell are visiting at the home of Mr. and Mrs. H. E. Harris.

James Rice arrived Monday from Chicago to attend the Home Coming.

Charles Harbert spent Sunday in Hannibal, Mo.

Mr. and Mrs. J. C. Kratz and son Orin motored to Baylis Monday.

Dave Brakeville and Rosa Miller of Alton spent the week end at the home of Mr. and Mrs. David Brakeville in this city.

Omer Doyle of Bluffs spent Sunday here with his wife and daughters.

Wm. Cocking of Jacksonville placed 1,000 gallons of oil on Main street Saturday for the city officials.

CLEVELAND AND SOX SPLIT DOUBLE BILL

NAPS UNABLE TO MAKE HITS COUNT IN FIRST

Speaker is Hit in the Head with a Pitched Ball in the Second Game and Forced To Retire—Athletics Win Twirling Duel Between Bush and Ruth.

Cleveland, O., Aug. 14.—Cleveland and Chicago split a double header here today, Chicago taking the first 3 to 2 and the Indians the second 4 to 2. In the second game Speaker was hit in the head with a pitched ball and forced to retire. Cleveland out-batted Chicago 3 to 1 in the first game but could not make their hits count, having eleven men left on base. Score.

Lemon Juice For Freckles
Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

MISS PERFECTION DOWNS THE WOODMAN

McMahon Pilots Mare to Victory in 2:09 Trot—Day Spring Wins 2:07 Pace and Geers Captures 2:17 Pace With Spy Direct.

Cleveland, Aug. 14.—The Woodman, unbeaten 1917 trotter, today met defeat when Miss Perfection in the 2:09 trot opening the second Grand Circuit meeting at North Randall, won the race. The Woodman was the favorite, as Mack Forbes, picked to give him competition became ill and was scratched. In the 2:07 pace The Savoy, the favorite, was beaten by Day Spring selling for $15 in a pool of $180 and Day Spring won easily.

On account of yesterday's downpour and slight rain this afternoon the track was heavy and the time slow.

PIRATES DOWN CUBS IN TWELFTH INNING

JACKSON'S DARING BASE RUNNING WINS

Game Proves a Pitching Duel Between Cooper and Douglas, But the Latter Could Not Stand the Strain—New York and Brooklyn Divide Two

Chicago, Aug. 14—Jackson's daring base running in the twelfth inning and the weakening of Douglas gave Pittsburgh the final game of the series 2 to 0. The game was a pitching duel between Cooper and Douglas but the latter could not stand the strain.

Wagner to Pitler. Left on bases—Chicago 8; Pittsburgh 2. First on errors—Chicago 1. Bases on balls—off Cooper 1; Douglas 1. Earned runs—Douglas 2 in 12. Struckout—Cooper 2; Douglas 7. Umpires—Klem and Emslie. Time—2:04.

New York 5-1; Brooklyn 4-3

New York, Aug. 14—New York and Brooklyn divided another double header here today the Giants winning the first game 5 to 4 and Brooklyn taking the second 3 to 1. The second game was marred by a fist fight between Stengel and Fletcher in the sixth inning in which other players joined. Both principals were ordered from the field by Umpire Harrison. A feature of the double header was six home runs, four of which came in the first game.

PUBLISHES INTERESTING MATTER

Petrograd, July — The commission of inquiry into the administration of ex-Prime Minister Stuermer has publishd interesting material on the subject of "perlustration" or the opening by government agents of letters in the post. In 1881, it appears, the goverment established seven "central perlustration points" at Petrograd, Moscow, Warsaw, Vilna, Odessa, Kieff, Kharkoff. Later, three new centres were created.

The Cubs' pitchers have been going about as smoothly as any set of heavers in the National league, but the others of Mitchell's outfit are very wobbly in their pastiming.

Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee-line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.

At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks.

You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens, at mobilization camps and other places where refreshing beverages are sold.

Bevo—the all-year-'round soft drink

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox. Sold in bottles only, and bottled exclusively by

INTERESTING NEWS OF THE SPORT WORLD

(By Associated Press.)

Detroit, Mich. Aug.—The future of harness racing in Michigan is a topic of considerable discussion among the followers of the sport. This year's grand Circuit meetings in Detroit and Kalamazoo admittedly were not successful and at their conclusion the opinion was freely expressed that Michigan next year might not see the trotters and pacers of the big line. Poor attendance characterized the races at Kalamazoo. Lack of interest following the abolition of betting caused the abrupt termination of the local meeting.

Whether Detroit will again seek a place on the Grand Circuit will be decided at a meeting of the Detroit Driving club in the near future.

St. Louis, Mo., Aug.—One of this city's leading marathon runners—Henry Levinson, has passed the physical examination for the new national army. Levinson has tried several times to enlist in the army, but always was "turned down" because he lacked the required height. He said he does not claim exemption and is willing to serve his country. His greatest success in the yearly marathons which he started to compete in 1909, came in 1914, when he finished fourth. Sidney Hatch and Kennedy were ahead of him that year. He is 24 years old.

Chicago, Aug.—Paul F. Burry, a young pitcher, who was tried out by the Chicago Nationals early in the spring and turned over to Newark of the International league, will be given a try-out with the New York Giants soon, and is expected to finish the season with them. Burry formerly pitched for Duquesne University where he and Al Mammaux, the suspended Pittsburgh twirler, were teammates. He was first discovered by Connie Mack, but turned, back and next was taken over by Joe Tinker, who then was manager of the Chicago Nationals. He is 20 years old, weighs 160 pounds and stands 5 feet, 11 inches in his socks.

Detroit, Mich. Aug—It looks like Hughey Jennings finally has landed a pitcher of the very first water. He is Rudolph Kallio, who was purchased by the Detroit Americans from the Des Moines club of the Western league but will not report to Detroit until next spring. Kallio has topped the twirlers of the Western league this season. He has won two thirds of his games and for his first 24 games, his opponents scored 36 earned runs, an average of only 1.54 a game. In his string of victories are ten shut outs.

Chicago, Aug.—The shooting classic of the season for trap shooters in the United States—The Grand American Handicap—will be held at the South Shore Country Club, August 21 to 26. It is expected that marksmen from all points in the union will be represented. Latest reports show that eight hundred shooters will take part.

Women will also compete in the big tournament. New York, Chicago and Philadelphia have entries in this class.

East Lansing, Mich. Aug—Aspirants for the Michigan Aggies football eleven this fall have been notified to appear at the training camp September 11. Official invitations have been sent out to thirty students, among them are only six letter men. The remainder of the list is made up chiefly from last year's reserves and freshmen teams.

Wilbur, Neb. Aug.—George Shestak, catcher for the Denver club of the Western league, has been drawn for the new national army. His number came out of the bowl at Washington as 181. Word has been sent to him to come here for medical examination. It is understood that he will ask the exemption board to allow him to be examined in Denver as he is anxious to finish the season. He wrote home that he would not claim exemption, saying:

"Why should I stay here when the rest of the boys are over fighting in the trenches."

Cincinnati, O., Aug— The Cincinnati Nationals boast of a quartette of players who made themselves famous as gridiron players before their entrance into professional baseball. The four men are; Manager Christy Mathewson, Jim Thorpe, the Indian, Earl Neale and Bill Kopf.

Matty was a line plunger and a famous drop kicker when he was with Bucknell. Thorpe, as a member of the Carlisle Indians, was ranked as probably the greatest player the game ever saw. Neale attended a college in the middle west, and was a great man in squirming past opponents while Kopf was one of the best players on a Fordham.

St. Louis Mo. Aug.—Fielder Jones has a shade on his old friend Connie Mack. Mack used to have the distinction of having more college players on his team than any other major league club manager. This year this distinction goes to the St. Louis Americans, with Jones as the pilot. They are seven collegians on the St. Louis club's roster. They are Eddie Plant, Gettysburg; George Sisler, Michigan; Derrill Pratt, University of Alabama; Doc Lavan, Michigan; Wright, Ohio State; Ernie Koob; Kalamazoo Normal and Murray, Trinity.

Pratt and Koob were great football players.

Minneapolis, Minn. Aug—The regatta of the American Power Boat association, scheduled to be staged on the Mississippi river here Aug 23-27, will be made the occasion of one of the largest patriotic spectacles ever witnessed in the northwest. The regatta, orginally, for the purpose of bringing together many of the fastest motorboats of the world, is resolving into an event of war-time demonstrations in which aerial and naval activities will predominate.

Real Admiral Bradley A. Fiske, U. S. N., retired, and Allan R. Hawley and Henry Wodehouse, president and secretary respectively, of the Aero Club of America, will take an active part in handling the program.

The first public exhibition of Admiral Fiske's latest invention, by which an aerial torpedo may be launched from a seaplane will be the feature event. Arrangements for the exhibition were made in New York recently by Ensign Colby Dodge, chief naval recruiting officer for the northwest, when the local regatta committee agreed to turn the proceeds of the event over to the Aerial Coast Patrol now being organized here. Experienced operatives will be in charge of the planes and launching device.

Reports from owners of the various motorboats which have been entered are to the effect that they are all making good time in the trial races, and Miss Minneapolis, probably will be forced to equal her world's record of 66.66 miles per hour to retain the Gold Challenge cup.

With a view to eliminating all possibility of accidents to the racing craft, officials of the government high dam are making preparations to lower the river temporarily in order to remove obstructions from the race course.

Milwaukee, Wis. Aug —Paddy Livingston, the veteran catcher, is "making good" as pilot for the Milwaukee American Association club. While catching for the Sioux City club of the Western League last season, the Milwaukee scouts came to the conclusion that he would be a valuable man for the Brewers. Livingston was approached and declared his willingness to join the Milwaukee club. He was made manager of the club, it was, said with the understanding that in case he pulled the team out of last place, he would be given a contract for several years more. Livingston got the team going and now has it out of the cellar.

Cleveland, Ohio. — Another amateur boxing champion has joined the forces of Uncle Sam. He is Johnny Russell, and he is driving a motor truck in the army. Russell participated in many amateur boxing matches here in the past three years and was the holder of the 135 pound western states championship, Ohio state championship and Cleveland championship. He is of Italian parentage and was born in St. Paul, Brazil. His real name is John Spetrino.

St. Paul, Minn. Aug. — Tommy Gibbons, brother of Mike, and Geo. will be one o fthe headliners in a boxing show at the baseball park here the night of Aug. 22.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

MOTHER OF NINE CHILDREN

Able to do Housework by taking Lydia E. Pinkham's Vegetable Compound

Springfield, Mass. — "After the birth of my ninth baby I was in a weak, run down condition, had pains in my left side, so I would faint often. My doctor advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and gained in strength so I can now do all my own house work and I hope you may publish my experience with your Compound for the benefit of other mothers." — MADAME EUGENE BEDARD, 558 Main Street, Springfield, Mass.

Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ills and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman ofttimes becomes a pray to ills after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains those mighty strength-producing agents, lecithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In nine cases out of ten a run-down condition, sallow, pale complexions that "all in" feeling and frail bodies are due to lack of lecithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a lecithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hypoferrin may be had at your druggist's or direct from us for $1.00 per package. It is well worth the price. The Sentanel Remedies Co., Cincinnati, Ohio.

ARMY AND NAVY Y. M. C. A. UNDERTAKES BIG TASK

Comprehensive Plan Outlined for Supplying American Soldiers in Training Camps and at the Front With Recreation—Much Already Accomplished in Paris.

Paris, Aug. — (Correspondence of The Associated Press)—The gigantic task of supplying American soldiers in the training camps and at the front with recreation has been undertaken by the Army and Navy Young Men's Christian Association. Organized early in May, its French branch already has leased and opened a large clubhouse and headquarters in this city and has established centers at the permanent American base twenty-five miles behind the lines of the Western Front and at several ports where American sailors, soldiers, ambulance drivers, aviators and others engaged in war work disembark.

Under a comprehensive plan outlined by directors of the local branch, working in conjunction with military authorities and American Young Men's Christian Association officials, representatives of the association will follow the troops wherever they go, into the training camps in America, on the largest troop ships crossing the ocean, at ports of debarkation, into the French training camps and advance base and even into the dugouts near the front trenches.

To Serve as Recreation Center.

Five Young Men's Christian Association secretaries, trained in special branches of the association's work, will accompany each brigade of approximately 5000 men into the training camps in America and continue with the unit until it reaches the front. Each Y. M. C. A. unit will be equipped with a barracks or a hut which will serve as a recreation center and an attempt will be made to provide the soldier with all the comforts, conveniences and privileges that his family would like to provide for him. These barracks and huts will be equipped with reading, writing and game rooms, shower baths and other facilties for indoor and outdoor recreation.

Later, if the demand warants, the association plans to open attractive clubs for officers in the naval and military service. These will be located at ports of debarkation, advance bases and in the urban centers where officers are likely to congregate. They will be operated independently of thoes provided for the men.

Much already has been accomplished by the Y. M. C. A. in Paris. The idea of establishing a Paris branch was conceived early in April by D. A. Davis, a trained American Y. M. C. A. secretary. The first meeting was held May 9 when an orkanization was perfected and the objects of the association outlined to a group of interested American residents in this city. No time was lost in preparing for the vanguard of the great American army and arrangements were soon completed to have Y. M. C. A. meet all incoming troops and to travel with them to their stations. Consequently, when the first expeditionary unit arrived, Y. M. C. A. men were on the ground waiting for it and they accompanied the troops from the temporay camp to the advance base.

Late in June a handsome private mansion at 31 Avenue Motaigne, just off the central point of the Avenue des Champs-Elysees, was leased for the duration of the war and a period of three months after its conclusion. It was immediately converted into an administrative headquarters of the association and a clubhouse for Americans engaged in war work of all kinds, including American with the British and Canadian forces of whom there are approximately 40,000. Reading and writing rooms were opened, pool and billard tables installed and shower baths provided. French classes have been started for officers and men and a large number have enrolled. Tennis courts have been made available to men in the service and early in July a baseball league was formed among the ambulance, aviation and other units in the city.

Arrangements are being made to provide sleeping quarters for 300 men for the benefit of those who may come to the city on leave or are quartered here, preparatory to joining their units. A canteen will be opened at the Paris headquarters to provide the "Sammies" with candies and American cigarettes and tobacco, which are difficult to obtain in France. Mr. and Mrs. Vincent Astor recently purchased one of the largest restaurants at a French seaport and turned its management over to the Y. M. C. A. with instructions to supply American soldiers and sailors with American food at reasonable prices.

Paris Headquarters Established in Mansion.

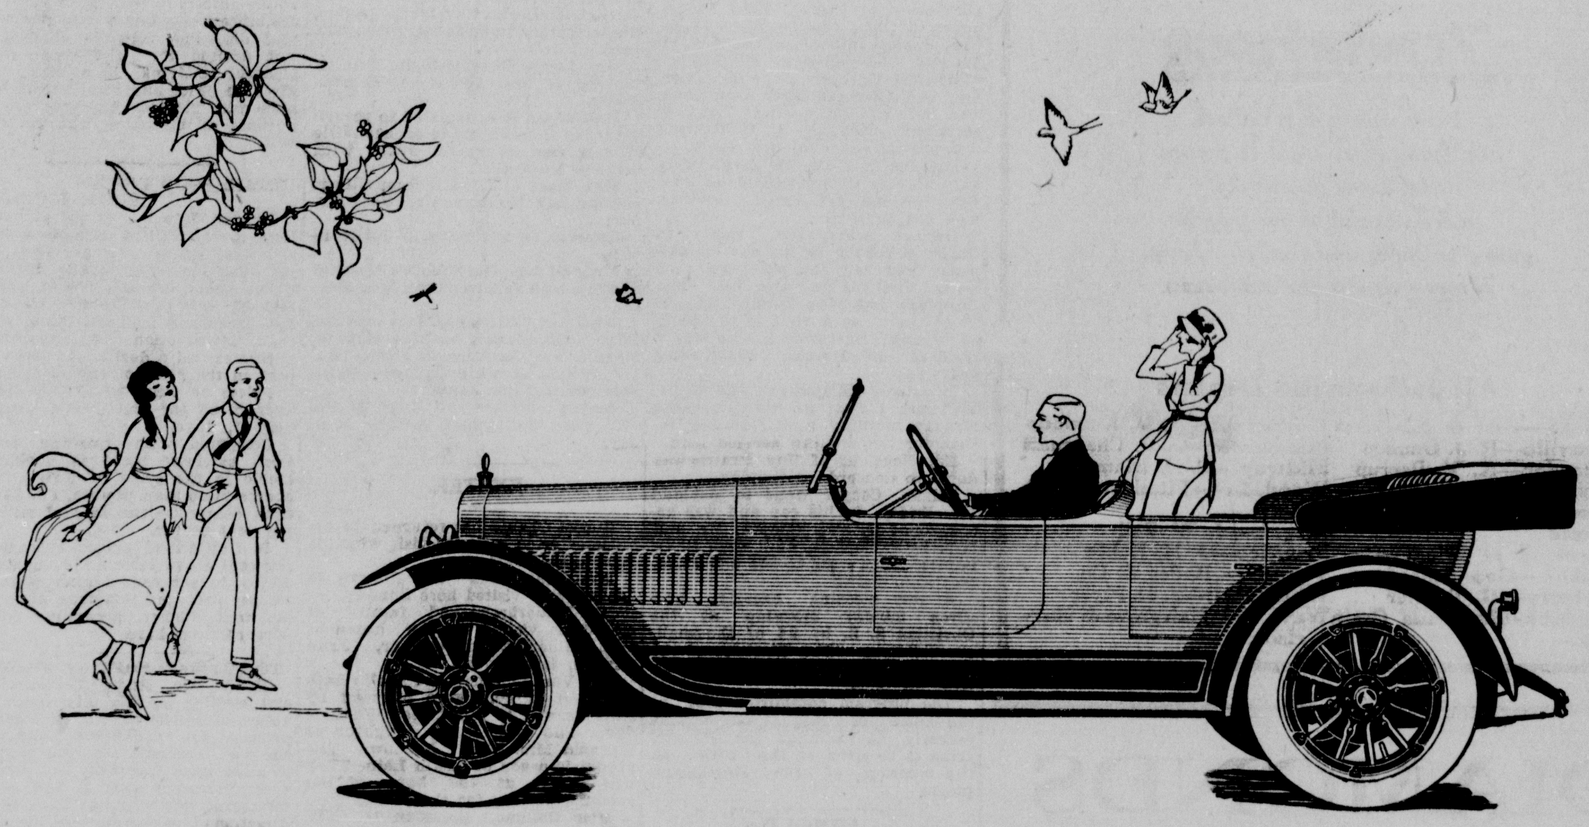

The Paris headquarters were occupied until recently by Napoleon Magne, whose grandfather Pierre Magne, France's celebrated Minister of Finance, received the mansion as a gift from Emepor Napoleon III The house is furnished in the style of the Second Empire, the decorations and chimney piece being authentic. In the ante-chamber is a fine marble bust of Napoleon III, the gift of the Emperor to Pierre Magne.

The officers of the Paris association are: President, James R. Barbour; vice president, Dr. Edmund Gros; secretary, D. A. Davis and treasurer, J. Ridgely Carter. Lewis A. Crossett has come to Paris as a special representative of the War Work Council of the American Y. M. C. A. to supervise the financial work of the association. Francis B. Sayre, son-in-law of President Wilson, also arrived recently and is attached to the headquarters staff.

STRIKE RESULTS IN DISORDERS.

Buenos Aires, Aug. 13.—A strike of every employe at Rosaria has resulted in disorders. There are threats of a general strike at Rosario.

"The Spirit of Youth"

New Super-Six Speedster Now Here

Latest, fastest Hudson model just arrived. A smart car with new lines. Seats four. $1750 at Detroit.

The newest Hudson Super-Six model has just arrived.

It is the smartest Speedster you have ever seen. In the grace of its lines, the dashing beauty of its finish and its wonderful performance it expresses the "spirit of youth."

Our allotment of these cars is not large. Even before we were told anything of its details, even without advertising or announcement of any kind either by the factory or ourselves, customers placed orders with us to assure early delivery. Our only word from the factory was that a Speedster model would be ready sometime this spring.

To get an idea of the probable demand for such a car we asked some of our Super-Six owners about it. The result is shown in the orders they gave us. We couldn't give them any description of the Speedster, not even an idea of what it would look like, nor even assure definite delivery dates. Still the orders continued to increase, and seeing a repetition of last year's condition when buyers grew disappointed at not getting delivery of their Super-Six when wanted, we stopped accepting orders.

And why shouldn't there be such a demand for a Hudson Super-Six Speedster? Everyone knows of the official record of a stock Super-Six chassis in traveling a measured mile at the rate of 102½ miles an hour. And all motorists are familiar with other wonderful performances of the Hudson Super-Six. The Super-Six has proved it has just the qualities you would require in a Speedster.

There could be no concern about the beauty or grace or finish of the body. The artists responsible for such lines as are revealed in the Super-Six Phaeton, the grace of the Hudson Super-Six Limousine, and the daintiness of the Town Car, could be relied upon to design the smartest Speedster.

Such a car is here now for you to see. You must acknowledge its low sweeping lines, its rich cobalt blue body with vermillion wheels, the smartest Speedster you have ever seen.

Don't forget that our allotment is small, that the factory is not building many cars of its type, and that only a few cars are available to any one dealer. Some will probably not be able to get any at all.

LEGHORNS PRODUCE EGGS AT LESS COST

Superiority, as Layers, Over General Purpose Breeds Shown by Recent Feeding Test

Washington, D. C. Aug. 14—Leghorns produce eggs cheaper than hens of the general-purpose breeds—Plymouth Rocks, Wyandottes, Rhode Island Reds, and Orpingtons. This fact, which confirms the belief and experience of commercial poultry farmers, was one of the results obtained in a rather extensive feeding test recently reported by poultrymen of the United States Department of agriculture Because they lay as many or more eggs, eat only about 55 pounds of feed per head as compared with 70 to 85 pounds eaten by the general-purpose breeds, and because their egg yield very materially exceeds that of general-purpose breeds during their second and third laying years, Leghorns, the specialists say, undoubtedly are more profitable to keep for the productions of eggs only.

In this test the feed cost of a dozen eggs for one of the Leghorn pens was 7.34 cents in 1913 while the average cost of all the pens of the general purpose breeds was 10.6 cents. In 1914 the feed cost of a dozen eggs for the same pen of Leghorns was 8.7 cents as against an average cost of 15.1 cents for the second laying year of the general-purpose pens. During their third laying year, the cost of a dozen eggs was 8.8 cents compared to 18.6 cents for the general-purpose fowls. The total value of eggs per hen over feed cost in the Leghorn pen for three years was $6.84 against $4.30 for the general purpose hens. The highest egg production obtained in any of the feeding experiments up to 1915 was by a pen of Leghorns wnich laid 157.6 eggs per hen, at a feed cost of 6.7 cents a dozen.

The Leghorns produce smaller eggs than the general-purpose breeds. The average weight of the eggs of a pen of Leghorns during the first laying year was 1.42 pounds per dozen as against 1.53 to 1.58 pounds for the other pens. However, Leghorns' laying eggs weighing 1.50 pounds per dozen or even more, the specialists say, have been selected and bred by many poultrymen. An examination in May, 1915, of 500 eggs from 3 Leghorn pens showed that 31 per cent weighed more than 2 ounces apiece, or 1.50 pounds to the dozen.

The value per dozen of the eggs produced by the Leghorns was from 1 to 3 cents less each year than the eggs of general-purpose breeds are better winter layers than the Leghorns, while the latter give a higher production in the spring and summer. Very few Leghorns become broody, which probably materially affects their egg yield as compared with the general-purpose breeds. Better fertility in the eggs, especially with stock confined to the yards, is more often secured with Leghorns than with the general-purpose or any of the heavier breeds.

In Japan, the professional beauty loves to appear with golden teeth; in India she prefers them stained red, but in certain parts of Sumatra no lady who respected herself would condescend to have any front teeth at all.

GOING TO BUILD?

Let Me Submit An Estimate on Entire Job

I will develop your own ideas into a practical

SET OF PLANS AND SPECIFICATIONS (Blue Prints)

Execute them to the smallest detail into a building that can be built **within your means** and to your entire satisfaction.

A HARD WOOD FLOOR is the foundation of things beautiful.

I will cover those old floors with quartered oak flooring, cheaper than you can carpet them.

No job too large nor too small for my prompt attention.

Leave St. Louis at 9:03 a. m. on the elegant steel train "The St. Louis-Colorado Limited", reaching Kansas City 5:30 p. m., and Denver 12:20 noon next day. Reach Estes-Rocky Mountain National Park by 6:40 p. m. same day—via automobile from Denver, through the magnificent St. Vrains or big Thompson Canyon. Another fine train to Colorado leaves St. Louis at 10:30 p. m. If you go to Yellowstone, the Wabash-Union Pacific gives you the advantage of seeing Salt Lake City, as well as Colorado, en route.

Don't miss a Colorado vacation, because you *think* it costs too much—get full information from

J. D. McNamara, Pass'r Traffic Mgr., Wabash Railway Exchange Building, St. Louis, Mo.
or A. J. Dutcher, General Agent, Union Pacific, 308 North Broadway, St. Louis, Mo.

REV. ARTHUR LONG HEARD AT CONCORD CHURCH

Large Audience Heard Former Resident Preach Sunday —Committee Arranges for Brockhouse Picnic—Concord Personal Items.

Concord, Ill. Aug. 13 — Arthur Long, pastor of the Christian church at Coffeyville, Kansas, preached at the Christian church on Sunday night to a large audience who had come to hear a former Concord boy preach his first sermon in the local church His theme was: "The True Aim of Life". He first made some general remarks about his boyhood days, when he lived a few miles northwest of here. Then he got down to his real sermon and delighted his audience in the way he handled the subject. He was accompanied by his wife and daughter and Mr. and Mrs. Ross Long, and Mr and Mrs. Bert Long of Markham. Minister C. G. Cantrell was present and read the lesson.

Mr. and Mrs. M. O. Smith were auto visitors to Springfield on Sunday, to see Mrs. Smith's brother, who has enlisted.

Herbert Schumaker went to Christian county in his car on Saturday and had for passengers his sister, Miss Ada and also Miss Anna Nergenah and Miss Minnie Kupper. They were on a visit to th family of Frank Hurrelbrink who was a resident of Morgan county some years ago.

Minister C. G. Cantrell and W. H. Wiliamson went to Berea by auto Sunday morning and returned in time for the evening service here

Ed. Houston, of Joy Prairie was down to Concord on Sunday.

Edgar Cooper went to Ashland on Friday in his car and was accompanied by Mrs. Cooper, Mr. and Mrs. L. F. Bayless, and Mrs. C. O. Bayless. Then went to see a relative, Mrs Kate Ratliff

A very pleasing exercise was given Sunday morning at the Christian S. S. by 24 of the smaller children. "The Workers of the future would be an appropriate title for them.

The program committee met at the home of August Brockhouse recently to arrange for the program to be given on the 29th., on the occasion of the Brockhouse picnic.

DELIVER COMMISSIONS TO TRAINING REGIMENT

WASHINGTON, Aug. 13.—The fifth training regiment which gives nearly 17,000 officers to the American forces, ended thirteen weeks preparation today at Fort Myer, Virginia before President Wilson, Secretary Baker, Major General Hugh L. Scott and the ranking officers of the allied armies now in Washington. More than ten thousand persons, most of them women, watched the officers to be maneuver with the steady tread of veterans. Brief ceremonies accompanied the delivery of commissions by Secretary Baker and at the conclusion the regiment sang "Over There."

Secretary Baker called upon the young officers to remember that they are officers of a Democratc army and that discipline with us at least is not devised for the creation of pleasant emotions in a man who gives an order and humiliation in a man who receives it, but for the purpoes of executing the common will.

RETAIL FOOD PRICES SHOW INCREASE

London July — Retail prices of food in the United Kingdom show a further rise of one per cent during June according to the Board of Trade Labor Gazette. Meat has increased from three to five per cent, but bacon and fish are lower while the introduction of government cheese caused a decline of seven per cent in the price of the commodity.

Prices on June 30, 1917, are in average 28 per cent dearer than on July 1, 1916.

Compared with pre-war conditions butchers' meat is double to treble in the price of July 1914, cheese more than double, tea 74 per cent, dearer, butter 65 and milk 69 per cent dearer.

In Switzerland prices average 78 per cent above June 1914, Australia 25 to 26 per cent higher, Canada, 59 per cent and America about 41 per cent, higher, according to report received here.

TO DEVELOP PORT OF MOBILE

Mobile, Ala., Aug. 13.—At a special election in this city today the voters of Mobile are to pass upon a proposal for a $600,000 bond issue for port terminals. If the proposal is acted upon favorably, as there is every indication that it will be, an important step will be taken in the direction of making Mobile one of the leading ports on the Gulf. The war department has approved the plans submitted by the municipality for the terminal project.

SINK AMERICAN BARK.

Washington, Aug. 13.—Sinking of the American bark Christiane by a submarine near the Azores on Aug. 7 was announced today by the navy department. The crew was landed at Ponta del Gada.

LOST—Friday afternoon between Stewarts on Mound road and Jacksonville Farm Supply Co., a crank for Chevrolet car. Return to this office and receive reward. 8-12-3t

FADING OF SUPPLIES OFFSETS PEACE MOVE

Corn Prices Close Nervous at ⅞ to 1½ Cents Net Higher—Wheat Finishes Steady at Unchanged Prices

Chicago Aug. 14.—Notwithstanding that peace proposals led to much selling today in the corn market the rapid fading away of immediately favorable supplies proved more than an offset. As a result prices closed nervous ⅞ to 1⅛c net higher at $1.15¾ December and $1.13¾ to $1.13⅜ May. Wheat finished steady at unchanged prices $2.04, September.

Oats gained ¼ to ⅛@⅜c net and provisions varied from the same as yesterday's close to 55c down.

Advances in the corn market had attained considerable headway before the news of the pope's peace move became generally known. The news led immediately to something of a setback in prices but the downturn in values did not carry the market as low as yesterday's level. On the contrary the ascent of prices was not long interrupted at any time.

Wheat trading was at a complete standstill the greater part of the session. Talk of export business at the seaboard tended to lift the oats market. Provisions broke sharply despite an advance in hog quotations. Free offerings of lard from important sources were responsible.

KANSAS CITY GRAIN MARKET
Kansas City, Aug. 14.—Cash wheat—5 to 10c lower; No. 2 hard $2.25@$2.75; No. 2 red $2.35.
Corn—Dull to 10c higher; No. 2 mixed $1.76@$1.77; No. 2 white $1.85; No. 2 yellow $1.77@$1.80.
Oats—Steady to 1c lower; No. 2 white 63@64c; No. 2 mixed 60@62c.
Rye—$1.91.

MINNEAPOLIS FLOUR MARKET
Minneapolis, Minn., Aug. 14.—Flour—Fancy patents and first clears declined 25 cents today, being quoted at $13.50 and $11.50, respectively.

NEW YORK PROVISION MARKET
New York, Aug. 14.—Butter, steady; receipts 4,721; creamery higher than extras 41@41½c; creamery extras (92 score) 40¾c; firsts 39@40c; seconds 37@38½c.
Eggs, firm; receipts 12,302; fresh gathered extras 42c; extra firsts 40@41c; firsts 37@39c; seconds 34@36c.
Cheese, firm; receipts 3,513; state fresh specials 23½c; do average run 22½@23½.
Dressed poultry, firm; chickens 19@26c; fowls 18@25½c; turkeys 18@32c.

PEORIA CASH GRAIN MARKET
Peoria, Ill., Aug. 13.—Corn—@13c higher; No. 1 yellow $1.80; No. 2 yellow $1.80; No. 2 mixed $1.80; No. 3 mixed $1.79@$1.80; No. 4 mixed $1.74; sample $1.75@$1.79.
Oats—Unchange to ½c higher; No. 2 white 64½@65c; standard 63½@64c; No. 3

KANSAS CITY LIVESTOCK MARKET
Kansas City Stock Yards, Aug. 13—Reduced receipts of cattle last week cut down shipments out of stockers and feeders, yet 20,000 head were brought, 4,000 more than during same week last year, 8,000 less than last week. Prices averaged one dollar per cwt., higher than during the previous week, and sales Monday of this weeek were 25 to 35 cents higher than the close last week. Demand is good for all grades a feature sale Monday being a string of 400 head of well bred White face calves from Western Kansas, 375 lbs., average, at $8.65. Another sale Monday was good Kansas steers weighing 1025 lbs., at $11.25, for immediate feeding. Receipts Monday this week were 18,000 head, a slight increase from last Monday Good rains west and south of Kansas City last week changed the cattle situation, and runs will be moderate for awhile, owners holding off to get more weight, figuring that the market is pretty safe. Killing cattle are 5 cents to $1.25 higher than a week ago, the result of a reduction of one third in receipts from the previous week, and owners figure that this shows that the outlet is very broad, and cattle on hand now will be good property any time this fall. At the same time, every pasture in Kansas and Oklahoma is full of cattle, and men from the dry spots in Texas are searching in vain for more room for cattle in Oklahoma last week. These late arrivals in Oklahoma and Kansas from the south are largely young cattle, cows and calves, and some of them will be sent back to Texas this fall if they get rains there. But good pasture will put flesh on some of them, and if the stocker and feeder market is good, many of them will be shipped to market this fall. Immune stock hogs are higher, in line with the big advance in fat hog prices. Two loads of immune pigs, choice natives, 70 and 80 lbs., were contracted last Friday for delivery today at $14.50, but sales made today of that kind are at $15, pigs 100 to 120 lbs., at $15.50 to $16.50. Feeding lambs are higher than a week ago, choice westeners worth $15 to $15.50, some plain natives around $14, breeding ewes $12 to $14.50, feeding ewes $6.50 to $8.00.

WAR SHARES ARE STEADILY LIQUIDATED

Market Gives Promise at Outset of Continuing Its Irregular Rise But Reverses Its Course.

New York, Aug. 14.—The stock market gave promise at the outset of today's more active trading of continuing its irregular rise of the previous session but reversed its course almost immediately on extension selling prompted by the peace proposals from Rome.

Additional reason for concern was furnished by the gyrations of various specialties under pool control. General Motors was a typical instance opening at an advance of 5½ points and driving the shorts in that and other speculative issues to hasty retreat.

War shares were steadily liquidated after peace reports gained currency.

Shippings, tobaccos, Industrial Alcohol and some of the semi-war stocks were influenced in lesser degree by the heavier selling of the final hour and sugars yielded 1 to 2 points with leathers and secondary equipments. In general final prices were only slightly over lowest quotations. Total sales amounted to 550,000 shares.

CHICAGO LIVESTOCK MARKET
Oliver S. Green with Walter Bros., U. S. Yards, reports the estimated receipts for Monday, August 13, 1917, 13,000 cattle, 25,000 hogs, 11,000 sheep.
Another moderate run of cattle for a Monday more the most active market of the year. Bulk all grades 15@25c higher with some 30@40c better. Around 12 carloads of handy to good weights $14.55 with a lot at $14.60 and 3 odd steers at $14.74.
Butcher stock shared in the advance of steer cattle.

Native Beef Cattle	
Choice to prime heavy beeves	$13.75@$14.60
Fancy selected	14.75
Good to choice corn feds	12.15@ 13.65
Common to fair yearlings	9.25@ 12.75
Good to prime yearlings	11.75@ 14.25
Medium to good light short feds	13.85@ 14.25
Plain to decent light steers	8.85@ 10.85
Common to fair steers	7.75@ 8.85
Inferior to rough steers	6.60@ 7.75
Cows, common to choice	6.00@ 10.50
Good to choice heifers	8.65@ 9.75
Prime	10.50@ 13.25
Bulls	8.25@ 9.85
Common to fair heavy calves	4.85@ 6.00
Good to choice vealers	12.25@ 13.50
Choice vealers	13.50@ 14.00

The favorable outlook for a big corn crop and record prices for beef cattle has made a better demand for stockers and feeders and prices are 25@50c higher. Good to choice feeders $8.75@$9.25; exart selected up to $9.50; common to good $6.75@$8.20; good to choice $8.50@$8.25.
Hog market generally 25c higher and called a "hummer." Top $17.50; bulk medium to good $17.10@$17.40.
Sheep and lamb market was active and bulk 25c higher. Best western lambs $15.65; good to choice native lambs $14.75@$15.25.
Shortage on all cattle, hogs and sheep will force a still higher market all along the line.
Prices as it were are "writ in burnished rows of steel and time but the market stronger makes as streams their channels deeper wear."
Respectfully yours,
O. S. GREEN.

AN ORDINANCE

Providing for the supervision and inspection of plumbing and providing a penalty for the violation thereof.

Be it ordained by the City Council of the City of Jacksonville, Illinois:

Section I. That any person now or hereafter engaging in or working at the business of plumbing in the City of Jacksonville, Illinois, either as a master plumber or employing Plumber or as a Journeyman Plumber, shall first receive a certificate or license therefor in accordance with the provisions of this ordinance and in accordance with the Act of the Legislature of the State of Illinois, approved June 10, 1897, and in force July 1, 1897, and the various amendments thereto.

Section II. That any person desiring to engage in or work at the business of plumbing either as a master plumber or employing plumber or as a journeyman plumber, shall make application to the board of examiners hereinafter provided for and shall pass such examination as to their qualifications as said board of examiners shall prescribe and as is provided by law.

Section III. There is hereby constituted for the City of Jacksonville, Illinois, a board of examiners of plumbers which said board shall consist of three members; the chairman of which board shall be the commissioner of public health and safety of the City of Jacksonville. The other two members of said board shall be a master plumber and a journeyman plumber. Said second and third members of said board shall be appointed by the mayor, which appointment shall be approved by the city council of the City of Jacksonville, Illinois. Said members of said board so appointed by the mayor, shall hold their position until May 1, 1918, and thereafter annually. The mayor of the City of Jacksonville shall appoint two members of said board which appointment shall be approved by the city council of the City of Jacksonville.

Section IV. The appointed members in Section III of this ordinance provided, shall receive the sum of ..... dollars per year for their services and in case they shall serve for less than a full year, their compensation shall be pro rative according to the length of time such commissioners shall serve.

Section V. Said board of examiners shall as soon as may be after appointment, meet and designate the times and places for examination of all applicants desiring to engage in or to work at the business of plumbing within the city of Jacksonville, Illinois.

The fee for a certificate for a master plumber or an employing plumber, is $50.00. For a journeyman plumber it shall be $1.00. And such certificate shall be renewed at its expiration by payment in advance of an annual renewal fee of $10.00 for a certificate of a master plumber or employing plumber and the payment in advance of an annual renewal fee of $1.00 for a certificate of a journeyman plumber. All certificates and renewal fees received for said certificates to be paid into the treasury of the city, town or village where said certificate is issued.

Section VI. The City of Jacksonville shall make rules and regulations for the material construction, alterations and inspections of all plumbing and sewers placed in or in connection with any building in the City of Jacksonvide and it shall be provided therein that no plumbing work shall be done except in case of repairing leaks without a permit being first issued therefor and upon such terms as shall be prescribed by the city council of the City of Jacksonville.

Section VII. Any person violating any provision of this ordinance shall be guilty of misdemeanor and a conviction shall be fined in the sum of not less than $5.00 nor more than $200.00 for each and every violation thereof and whenever such person has a plumber's certificate the same may be revoked by the board of examiners herein provided for. Provided that no certificate shall be revoked before the holder thereof has been given reasonable notice of the charge against him and has an opportunity for a full hearing before the board of examiners herein provided for.

Section VIII. Whereas the public safety and health of this community requires the immediate passage of this ordinance. Therefore, this ordinance shall be in full force and effect from and after its passage and publication.

Passed by the city council of the City of Jacksonville, Illinois, at a regular session thereof this 14th day of August, A. D. 1917.

HENRY J. RODGERS, Mayor.
Attest: R. L. PYATT, City Clerk.

UNUSUAL CONDITION IN DUTCH POLITICS

Result of Recent Election is Expressive of Nation's Desire to see Pending Constitutional Reforms Put Into Effect

The Hague, Netherlands, July — (Correspondence of the Associated Press)—In a general election unprecedented in Dutch history all the 150 members of the two Chambers of Parliament, without a single exception, have been re-elected, and the new legislature is the old parliament risen to life unchanged, with a Liberal-Socialist majority in the Second Chamber and a majority of the Catholic-Calvinist coalition of the Right in the First.

Holland witnessed the unusual sight of all the regular parliamentary parties, normally such bitter opponents, not only refraining from contesting one another's seats, but giving each other mutual support at thet polls as against entirely outside opposition movements. Socialists and conservative church parties, liberals and their Calvinist opponents, went arm-in-arm, evincing some amount of embarrassment.

The original cause was the desire to avoid the disadvantages of a pitched battle at the polls during the war and the fact that the prospective final passing of the pending revision of the Constitution will involve another general election in a year. Il the regular political parties agreed on an election truce, on the understanding that no "political" legislation should be submitted to the new parliament in its prospective short existence of twelve months, beyond the constitutional bills. On the confirmation of these by a two-thirds majority, which may be anticipated with little delay, fresh elections must be held within a year on the basis of the new constitution. Then will come the great political struggle, for the first time under a system of universal manhood suffrage, proportional representation and obligatory voting, and no party of Right or Left will then give or be given quarter.

At the election just past the anti-constitutional revision candidates and revolutionary socialists together only secured a total of 54,000 votes, as against 170,000 obtained by the retiring deputies.

The result amounts to a clear expression of the natio's desire to see the pending constitutional reforms put into effect.

Cort van der Linden's cabinet remains unchanged in power, and will pursue its policy of neutrality so far as foreign affairs go. Its legislative program is limited to the confirmation of the constitutional bills, budget business, new taxes on behalf of the war-burdened exchequer, and preparations to promote the country's economic interests after the conclusion of peace.

ARMED RURAL GUARDS PROPOSED

St. Paul, Minn., Aug. 14.—Minnesota is the first State to give official cognizance to the problem of organizing an armed force to take the place of the National Guard, now that the latter has been called into the Federal service. At the call of the Minnesota Public Safety Commission the sheriffs of each of the 86 counties of the state will meet in conference here tomorrow to consider the problem. The plan to organize automobile squads of rural guards will be discussed at the meeting. It is proposed that the rural guard form posses of minute men, who will be kept armed and in constant readiness to aid sheriffs in suppressing any disorders or yawless demonstrations.

AN ORDINANCE

Appropriating the amounts herein respectively mentioned for the purpose of paying the several amounts heretofore assessed against the City of Jacksonville, for public benefits in street pavement improvements.

Be it ordained by the City Council of the City of Jacksonville, Illinois:

Section 1. That there is hereby appropriated for the purpose of paying the several amounts hereinafter set forth which amounts have heretofore been assessed against the City of Jacksonville, Illinois, for public benefits in street paving improvements. That said amounts shall be levied as a tax upon all the taxable property of the city of Jacksonville, Illinois, for the year 1917, to-wit:

(a) For the payment of the City's assessment on West State street adjacent to Duncan Park, $3,054.95.

(b) For the payment of the assessment against the City for part of lot 103 of the original plat for the construction of a street pavement, $122.55.

(c) For the payment of the assessment against the City for a street pavement upon which lot 93 in the original plat abuts, $797.55.

(d) For the payment of the assessment against the City for a street pavement upon which lot 16 in the original plat of the City of Jacksonville abuts, $65.00.

(e) For the payment of the assessment against the City of Jacksonville for a street pavement upon which lots 164 and 165 in the original plat of the city of Jacksonville abuts, $60.00.

(f) For the payment of an assessment against the City of Jacksonville for a street pavement on College street, $3,422.53.

Section II. That when said amounts are collected, they shall be paid to the City Treasurer and the said City Treasurer shall credit the same to the respective funds as herein specified; and out of such funds, shall pay the assessments heretofore assessed against the city of Jacksonville, Illinois, for public benefits as herein specified.

Passed by the City Council of the City of Jacksonville at a regular meeting thereof this 14th day of August, A. D. 1917.

HENRY J. RODGERS, Mayor.
Attest: R. L. PYATT, City Clerk.

VALIENT SERVICE BY WOMEN ON BATTLEFIELD

Russian Women Afford First Instance of Sex Openly Fighting in Any Considerable Number—Woman Gains Cross of St. George for Daring Reconnoitering.

Washington, D. C., Aug. 14.—Altho a world-wide sensation has been caused by the recent reports from Russia telling of the heroic fighting of the women's legions in the Russian army, there have been many instances in the past in which members of the gentler sex have rendered yoeman service to their country on the battlefields. The cases of the Russian women, however, afford the first instance of women openly fighting to any considerable number in the ranks. In the majority of the cases in the past, the women have concealed their sex in order to be allowed to fight. The military history of almost every nation contains several anecdotes of the kind.

One of the most remarkable cases of the kind in the comparatively recent history of the United States was that of Miss Beebe Beam, an Iowa girl, who fought in the war against Spain. In order to reach the seat of war in the Philippines she disguised herself as a cabin-boy. Arriving at Manila, she disguised herself as a soldier, and followed the campaign for nearly a year.

Another woman who fought, also in the American army, for the sheer joy of fighting, was Senora Loreta Velasquiz, a lady of Cuban birth. She was "wild about war," and when the American civil war broke out she not only persuaded her husband to desert the Union army and join the Confederates, but begged him to let her enlist as a private under his command. When he refused, she put on a suit of clothes and made her way to New Orleans. There she found a tailor who could keep a secret, had the clothes altered to suit her figure, procured a false moustache, and, thus equipped and embellished, raised a company of recruits and took them to her husband. When the war was over the fair Senora renewed her life of adventure as a California miner.

From the very beginning of the present great conflict in Europe women have borne arms and served in the ranks. No fewer than twenty women have served in the Hugarian Voluntary Ukraine Legion, and the exploits of a Miss Helen Ruz, of that corps, would furnish material for a whole library of stirring tales of warfare and adventure. She went thru the whole Galician campaign, in the worst places of the Carpathian Mountains, lost her father, two brothers and her finance, gained two medals, was transferred to the Uhlans, had two ribs broken by a shrapnel splinter, and, according to latest accounts, was still eager to fight.

It is stated on good authority that Russia, prior to the recent revolution which sent so many of the fair sex into the ranks, had no fewer than five hundred women bearing arms "for God and the Czar." One —Madame Kovetsova—became a colonel, and commanded the Sixth Ural Cossack Regiment. She was wounded twice while fighting in East Prussia, and by her bravery won a much-coveted military medal.

Then there was Kira Bashkirowa, an eighteen year old Vilna girl, who joined the Russian army in October, 1914, under the name of Nicholai Popin. She gained the Cross of St. George for her daring reconnoitering. After being in hospital for some weeks suffering from a slight wound and typhus, she rejoined her regiment on the firing line.

A Russian girl of twenty, the daughter of Colonel Tomilovsky, accompanied her father to the front in September, 1914. She had her hair cut short and wore a uniform, taking part in several engagements. On various occasions Mlle Tomilovsky served as orderly, scout and telegraph operator, and she was finally appointed to the command of a platoon. She succeeded in "tapping" a German staff telegram relating to a plan to break the Russian centre, and, as a result, the Russian troops were able to repulse the enemy with heavy losses.

INCREASES IN OUTPUT OF WAR SHIPS URGED

London, July — Admiral Jellicoe, First Sea Lord of the Admiralty, has sent a message to British iron and steel workers in factories and shipyards urging them to increase the output of war-ships for hunting submarines and new merchant ships. The statement which also was signed by Sir Edward Carson, formerly First Lord of the Admiralty, asserts:

"Every day merchant ships are being sunk, and we need to use all our resources to prevent our being threatened with starvation. The enemy knows this, and has staked everything upon it. If he succeeds, victory will rest with him, but if he fails his defeat is certain.

"There are only two weapons that we can use, and both can only be forged in the shipyards of the country. One is the class of warship that enables the navy to hunt and destroy the enemy's submarines. The other is every new merchant ship that takes the place of a ship that has been sunk. These weapons must both be used together, and upon the men of the shipyards and the engineering shops depends entirely the output of these weapons.

"How this output can be increased is a question that concerns every one of us, and no measure that helps to make better use of our labor and our machinery can be neglected. We who are secure in our homes, owe it to the brave men who are dying hourly for us on land and sea and in the air to spare no effort to give them weapons with which to win the war for us.

"The Board of Admiralty are confident that in the supreme crisis of our history the men of the shipyards and workshops will see to it that this appeal shall not fall on deaf ears."

PARK BOARD HELD SESSION TUESDAY

Members and Chautauqua Board Working Harmoniously For Park Betterments.

The park board met last night in regular session and transacted ordinary business.

The committee on sale of elk reported that the two animals had been sold for forty dollars each, the purchasers to be at the expense of crating and transporting same.

The chautauqua association was represented at the meeting by Rev. W. E. Spoonts, who read a resolution to the effect that all moneys remaining in the treasury of the chautauqua board, except a reasonable sum to guard against loss thru bad weather and the like, would be expended in the park with the cooperation and approval of the park board.

It was voted to grant the chautauqua association the free use of the park next year, the park board reserving the returns from the refreshment stand but not the dining hall. It was guaranteed that the expense of clearing up after the chautauqua meeting would not exceed $25.00.

The chair was empowered to locate the refreshment stand of Mullenix & Hamilton on the chautauqua grounds.

The matter of permitting Richard Mausy to have his notion stand on the chautauqua grounds was left to the president to act in conjunction with the chautauqua board.

The chautauqua board was authorized to make an opening in the southwest corner of the deer park fence and permit the parking of automobiles in the inclosure at ten cents each. The partition fence in the inclosure is to be moved. The bill for lighting the refreshment stand was referred to Secretary Brennan to investigate.

The matter of improving the condition of central park before circus day was presented but it was shown to be impracticable. The central park committee said when they were through with the park the people would have no cause for complaint.

There was considerable discussion regarding improvements in Nichols park. Mr. Spoonts said the first thing the chautauqua board had in mind was a concrete walk from the south end of the large bridge to the playground, which was much needed.

Then a footbridge across the southeast lagoon to the grove on top of the hill north of the gun club grounds was a matter contemplated and finally a permanent pavilion, tho of course that would be in the future.

RADICAL LAWS ABOLISH RUSSIAN CENSORSHIP

Provisional Government Issues Measures to Establish Freedom of the Press—Penalties for Breach of Law do not Exceed $150.

Petrograd, Aug. — (Correspondence of the Associated Press)—Two radical laws issued by the Provisional Government establish freedom of the press by abolishing entirely the censorship, including, it is implied, the miltary censorship, and forbidding all punitive measures except such as can be taken by judicial process.

The first law abolishes the notorious "Chief Administration Department for Press Affairs" and the system of registration, inspection censorship and penalties associated therewith. Instead is created a new press governmental organ known as the Chamber of Books, a title invented by Peter the Great but long in abeyance. At the Chamber of Books will be registered all printed and lithographed productions, including reproductions of works of art. The Chamber will be granted a subsidy with which to buy Press productions both for the use of State institutions and for presentation to public libraries. Further, in connection with the Chamber, there will be established a bureau which will prepare and publish for public use summaries of the whole periodical press, native and foreign.

The second law proclaims unqualified liberty to print and reproduce, no license or permission being required; but it admits state regulation of the press in so far as it provides for the compulsory registration of printed matter on the system prevailing in many European states. Every individual or corporation which founds a newspaper must register the title, place of publication, price and name of the responsible editor, who must be a person residing gwithin the Empire. The printer is obliged to deposit with the state two copies of each issue, one for filing in the Chamber of Books, the other for the use of the government. Newspapers will be obliged to print without charge official repudiations or corrections of their reports. All printing offices must be registered.

For breach of the law penalties in no case exceeding $150 may be imposed. The normal minimum penalty imposed, always without trial, by the old government was $1,500, the aim being to ruin independent press organs. Fines may not be imposed otherwise than by courts of law; and no newspaper may be suspended or suppressed.

TEXAS FARMERS' MEETING.

Dallas, Texas, Aug. 14.—Crop production, marketing, credits and other problems of live importance to those engaged in agriculture are scheduled to receive attention at the fifteenth annual convention of the Texas State Farmers' Union, which opened in this city today with a large and representative attendance. The sessions will continue until Friday.

Graves Brothers rode down to Murrayville eysterday in their McFarlan 6 car.

HENRY P. DAY WRITES FROM HOSPITAL ROOM

Is Hoping for Visit From His Brother Now in Berne, Switzerland—Future of Schools in Syria Uncertain.

Mention has been made that Prof. Alfred E. Day has left Beirut, Syria, and later will come to the U. S. A. A letter to the Journal from Prof Day's brother, Henry P. Day, who is still at the Peoria county hospital, states that Prof. Day and family have arrived at Berne, Switzerland. Prof. Day will bring with him his wife and three children. For months past it has been impossible for him to communicate with his brother, Henry and the latter knows nothing about affairs in Beirut other than he has read in the newspapers. In his letter to the Journal Mr. Day says: "Djemal Pasha, Turkish commander in Syria, has been quoted as saying that all American, English, French and Russian schools in Syria and Palestine have been closed and that he would not allow them to be reopened until after the war. American vessels laden with relief supplies have been unable to reach Syria."

It will be remembered that Mr. Day in an accident a year or more since suffered a broken leg. Amputation was finally necessary. Tho Mr. Day recovered from the operation he has since been in poor health. Mr. Day spends his time in reading and writing and some articles from his pen have appeared in the Peoria Star. He mentions reading foreign papers and has frequent recourse to the Bible, the French and English dictionaries, a book of poems and a volume of the encyclopedia. It will therefore be seen that Mr. Day does not content himself with "light" summer literature or else does not have such reading matter at his disposal.

INDUSTRIAL UNREST DUE TO HIGHER FOOD PRICES

According to Report of Commissions Appointed to Study Conditions in England—Control of Food Supplies and Stoppage of Profiteering Recommended.

London, Aug. — Industrial unrest in England primarily is due to the heavy increase in food prices and to food profiteering, according to the reports of commissions appointed to ascertain its causes. The commissions find that all over the country working men complain of the discomfort caused by inflation of the prices of food.

The working of the Military service act and Munitions of War act are also contributory causes. Disproportion of wages between time and piece workers dissatisfies most skilled tradesmen who are generally employed on time, and who, while doing work of great importance, receive only one third or one fourth of the wages paid to the most successful of unskilled men.

There is a difference of opinion regarding liquor restrictions in the various commissions' reports, some asserting that a larger supply of good quality beer is an urgent necessity while others give less prominence to that subject.

In some districts men are said to be losing confidence in the government and to this is attributed the growth of unconstitutional trade unionism in such areas as the Clyde.

Industrial fatigue also is said to be responsible for much of the unrest and the serious results of the delay in dealing with disputes in muntion areas are subjects of complaint.

The leading recommendations are concerned with suggestions regarding control of food supplies and stoppage of profiteering, the commissioners expressing the opinion that rices should be lowered by the government even if some charge upon the exchequer is involved.

Attention is called by all the commissions to the necessity of reducing hours, of readjusting wages in favor of skilled against unskilled workers and the fuller use and recognition of trade union machinery. The government is urged to renew the undertaking that all trade union rights and privileges shall be restored without exception after the war.

LIQUOR ISSUE IN MARYLAND

Baltimore, Md., Aug. 14.—Advocates of prohibition in Maryland and those who are opposed to it are preparing for a renewal of the fight at Annapolis next winter. In anticipation of the State primaries and conventions to be held next month, the Anti-Saloon League has been at work for some time gathering in candidates for nomination to the general assembly. The league contemplates two lines of battle when the lawmakers come together next January, a drive for Statewide prohibition by legislative enactment, and, failing in this, a drive to make all dry counties bone dry by prohibiting the shipment of liquor into such counties.

VERMONT BAR MEETING

Rutland, Vt., Aug. 14.—Leaders of the bench and bar of the Green Mountain State gathered here in large number today for the midsummer meeting of the Vermont Bar Association. Leading features of the two-day program will be the presidential address of George B. Young of Montpelier and the annual address to be delivered by Henry D. Estabrook of New York.

Mark Kendrick of Springfield is visiting friends in the city.
